It is hereby declared that the practice of veterinary medicine is a privilege which is granted by legislative authority in the interest of public health, safety and welfare. To protect the public from being misled by incompetent, unscrupulous and unauthorized practitioners, and from unprofessional or illegal practices by persons licensed to practice veterinary medicine, this chapter is enacted in the interest of the health, safety and welfare of the animal population and the citizens of the Commonwealth of Kentucky.

SECTION 2. A NEW SECTION OF KRS CHAPTER 321 IS CREATED TO READ AS FOLLOWS:

In order for a veterinarian to diagnose, treat, operate on, or prescribe for an animal, a veterinary/client/patient relationship shall be established and maintained. A veterinary/client/patient relationship means a relationship where all of the following conditions have been met:

(1) The veterinarian has assumed the responsibility for making medical judgments regarding the health of the animal and the need for medical treatment, and the client has agreed to follow the instructions of the

veterinarian.

(2) The veterinarian has sufficient knowledge of the animal to initiate at least a general or preliminary diagnosis of the medical condition of the animal. This means that the veterinarian has recently seen and is personally acquainted with the keeping and care of the animal by virtue of an examination of the animal, or by medically appropriate and timely visits to the premises where the animal is kept.

(3) The veterinarian is readily available for follow-up in case of adverse reactions or failure of the regimen of therapy.

(4) The veterinarian maintains records which document patient visits, diagnosis, treatment and other relevant information.

SECTION 3. A NEW SECTION OF KRS CHAPTER 321 IS CREATED TO READ AS FOLLOWS:

(1) The board shall issue a license by endorsement to any applicant who, upon applying to the board and remitting a fee set by the board, demonstrates to the board that he has met the following requirements:

(a) He is a graduate of an approved veterinary college;

(b) He is of good moral character;

(c) He holds a valid license to practice veterinary medicine and has practiced veterinary medicine in another state of the United States, the District of Columbia, or a territory of the United States for at least one (1) year preceding his application, provided that the requirements for licensure in the issuing state are not lower than the standards required for the issuance of a new license under the provisions of this chapter;

(d) He has passed an examination given by the board on the laws and regulations of this state governing the practice of veterinary medicine; and

(e) He has passed a practical clinical examination, either written or oral, given by the board.

(2) The board shall not issue a license by endorsement to any applicant who is under investigation in another state, territory, or the District of Columbia for an act which would constitute a violation of this chapter, until the investigation is complete and disciplinary proceedings have been terminated.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 41 IS CREATED TO READ AS FOLLOWS:

(1) The general assembly finds the following:

(a) That over the past six (6) years many of Kentucky's farmers and much of Kentucky's agricultural economy has experienced economic stagnation or decline because of falling market prices, high interest rates and, in many cases, poor weather; and

(b) That Kentucky's agricultural economy is too heavily dependent on a few traditional crops such as tobacco, grains and soybeans.

(2) The general assembly declares that it shall be the public policy of the Commonwealth through the provisions of this Act to stimulate the agricultural economy of this state by encouraging agricultural diversification in Kentucky.

(3) The linked investment program provided for in this Act is intended to inject needed capital and to provide statewide availability of lower cost funds for lending purposes that will stimulate existing business and encourage new business in the area of producing, processing and marketing nontraditional agricultural, horticultural, livestock and poultry crops.

SECTION 2. A NEW SECTION OF KRS CHAPTER 41 IS CREATED TO READ AS FOLLOWS:

(1) "Linked investment" means a repurchase agreement placed by the state investment commission with an eligible lending institution at the rate designated according to the provisions of Section 4, subsection (3) of this Act.

(2) "Eligible lending institution" means a qualified public depository or financial institution which is

eligible to make commercial loans, which chooses to participate in the linked investment program, and which agrees to lend the value of such deposits to small agricultural processing or marketing businesses and to agricultural production businesses at a reduced interest rate calculated by the state investment commission according to the provisions of subsection (3) of Section 4 of this Act.

The total amount so deposited at any one time shall not exceed, in the aggregate, ten million dollars ($10,000,000).

(2) One-half (1/2) of the total investment, or up to five million dollars ($5,000,000) shall be invested in low interest loans for agricultural production endeavors. The investment vehicle for the agricultural production business loans shall be either the Commonwealth's master repurchase agreement negotiated as follows: an investment of two (2) years with a variable rate to be adjusted annually based upon the state investment commission's repurchase agreement rate. Any annual variations shall be passed on to the borrower. Production loans may be renewed upon reapplication for one (1) additional year when continuing need is shown and as funds are available.

(3) One-half (1/2) of the total investment, or up to five million dollars ($5,000,000) shall be invested in low interest loans for small agricultural processing or marketing business expansion or development. The investment vehicle for the small agricultural processing or marketing business loans shall be the same as that provided for agricultural production business loans in subsection (2) of this section. However, processing and marketing loans may be renewed for two (2) additional years beyond the limits imposed in subsection (2) of

this section, allowing a maximum loan length of five (5) years.

(4) Based upon loan activity and applications received, the state investment commission may, after the end of one (1) year of administration, increase the five million dollars ($5,000,000) ceiling stipulated in subsections (2) and (3) of this section. However, in no case shall the aggregate of loans exceed ten million dollars ($10,000,000).

(5) The state investment commission may accept or reject a linked investment package or any portion thereof, based on the ratio of state funds to be deposited to jobs sustained or created.

(6) Upon acceptance of the linked investment package or any portion thereof, the state investment commission may place a repurchase agreement with the eligible lending institution at the rate determined by the investment commission according to the provisions of subsection (3) of Section 4 of this Act.

(7) The state investment commission reserves the right to alter the loan rate to the lender, not the borrower, if linked investment program auditors determine that the lending institution has violated standards of the low interest loan program.

(8) In considering which eligible small agricultural processing or marketing businesses or agricultural production businesses should receive reduced rate loans, the state investment commission shall take the following conditions into consideration:

(a) The economic needs of the area in which the business is located;

(b) The number of in-state jobs to be created or preserved by the receipt of the loan;

(c) Current profitability of an existing enterprise;

(d) The ability of the borrower to demonstrate his enterprise can be profitable;

(e) The evidence that the money saved on the reduced interest rate loan will provide substantial assistance for short or long-term profitability; and

(f) Evidence that amount loaned will be used exclusively to finance in-state operations.

(9) The state investment commission, annually, by February 1, shall make a report on the linked investment program for the preceding year to the governor and to the legislative research commission who shall, in turn, transmit it to the appropriate standing committees for consideration. The report must include information regarding the nature, terms, and amounts of the loans upon which the linked investments were based, and the eligible small agricultural processing or marketing businesses or agricultural production businesses who received the loans.

SECTION 4. A NEW SECTION OF KRS CHAPTER 41 IS CREATED TO READ AS FOLLOWS:

Such requirements shall be established in administrative regulations promulgated by the finance and administration cabinet.

(3) The eligible lending institution that desires to receive a linked investment shall agree to loan such funds to borrowers under the following terms:

(a) Maturity dates of the loan will be set as agreed to between the financial institution and the borrower; and

(b) The rate of interest on the loan made by a qualified public depository shall be three hundred (300) basis points below the state investment commission's repurchase agreement rate setting formula on the day the application is accepted.

(4) An eligible lending institution that desires to receive a linked deposit shall accept and review applications for loans from eligible small agricultural processing or marketing and agricultural production businesses. The lending institution shall assume all responsibility for credit underwriting, and shall apply all usual lending standards to determine the creditworthiness of each applicant.

(5) The eligible lending institution shall forward to the state investment commission a linked investment loan package, in the form and manner as prescribed by the state investment commission. The package shall include such information as required by the state investment commission, including the amount of the loan requested and the number of jobs to be created or sustained by each eligible business.

(6) The eligible lending institution shall charge no penalty for early payback of the linked deposit loan.

(b) Two hundred fifty thousand dollars ($250,000) for a small agricultural processing or marketing business.

(10) The eligible lending institutions shall charge a closing fee, payable on the closing date, of one-quarter (1/4) percentage point of the loan amount. This fee shall be forwarded to the state treasurer to be used to pay the costs of operating and auditing this program. An interest surcharge of up to one and one-half (1 1/2) percentage points may be added to the interest rate by the eligible lending institution to cover its cost of operating the program, the provisions of subsection (3) of Section 4 of this Act not withstanding. Other than the usual and customary charges, the borrower shall not be charged any other closing costs, or origination fees.

(11) The state and the state investment commission are not liable to any eligible lending institution in any manner for payment of the principal or interest on the loan to an eligible small or agri business. Any delay in payments or default on the part of a borrower does not in any manner affect the deposit agreement between the eligible lending institution and the state.

SECTION 5. A NEW SECTION OF KRS CHAPTER 41 IS CREATED TO READ AS FOLLOWS:

Monies obtained from the linked investment loan program by eligible businesses may be used for annual working capital for production costs, capital expense, but not debt refinancing. (2) Time deposits in Kentucky depositories made pursuant to this chapter shall bear interest at a rate which would be equal to one hundred percent (100%) of the average full fair market rate of interest for such deposits in Kentucky and contiguous states determined from quotes from not less than seven (7) banks, at least four (4) of which shall be Kentucky banks. Those rates shall be recorded by the state investment commission.

(3) The state investment commission may invest through eligible lending institutions as defined in subsection (2) of Section 2 of this Act, in a linked investment program to provide low cost funds for reduced rate loans to eligible small agricultural processing or marketing businesses and agricultural production businesses. (1) It is the intention of KRS 67A.360 to 67A.690 that the fund herein created shall supersede and take the place of the pension fund established under KRS 95.851 to 95.884 inclusive, for cities of the second class becoming urban-county governments, which sections shall be without force and effect, insofar as applicable to such urban-county governments, but said sections shall remain in full force and effect as relates to other cities of the second class.

(2) The fund created by KRS 67A.360 to 67A.690 shall succeed to and assume as of July 1, 1974, all assets of such pension funds, and shall continue to make payment of all annuities, pensions, and benefits granted by superseded pension funds at the rates previously fixed and under the conditions previously in effect, *except as provided in subsection (3) of this section.*

(3) (a) Persons who retired under the provisions of KRS 95.520 to 95.620, or 95.851 to 95.884 in a city which subsequently was merged into an urban-county government, or their surviving spouses or eligible children, shall be granted an annual cost-of-living increase in their retirement or survivor's annuity of two percent (2%) compounded, from July 1, 1974 until the effective date of this Act. The survivor's annuity shall be determined

as if the retired member's annuity had been increased annually by two percent (2%) compounded from the date of retirement until the date of death, but if any member or survivor annuity is less than one hundred and fifty dollars ($150) per month, it shall first be revised to one hundred and fifty dollars ($150) per month, effective July 1, 1974, before calculating the retroactive annual increase. For purposes of calculation, the member's or survivor's first increase shall occur July 1, 1974, but only after the member was retired for one (1) year or attained age fifty-one (51), whichever was later, or would have been retired one (1) year or reached the age of fifty-one (51), whichever was later, in the event the member died before being retired one (1) year or reaching the age of fifty-one (51), unless retirement was under disability in which case age and length of retirement criteria shall not apply.

(b) A retired member or his surviving spouse or surviving children below the age of eighteen (18) shall receive a lump sum retroactive payment of the annuity increase by August 1, 1988. The retroactive payment to the surviving spouse or eligible children shall include the retroactive payment due the deceased member. If both the member and the spouse are deceased and there are no eligible surviving children, no retroactive payment shall be made.

(c) After receipt of the retroactive increases, persons affected by this section shall be granted the same annual increase granted to retirees pursuant to KRS 67A.690(1), and the annuity on which this cost-of-living increment is based shall be the annuity level reached through the addition of annual compounded two percent (2%) increases pursuant to paragraph (a) of this subsection. If the member has not attained the age of fifty-one (51) or would not have attained the age of fifty-one (51) in the event the member is deceased, then the member or survivor shall continue to receive increases of two percent (2%) compounded annually until the member attains or would have attained age fifty-one (51), at which time the same annual increase granted to retirees who retired pursuant to KRS 67A.690(1) shall apply.

Section 2. KRS 67A.690 is amended to read as follows:

(1) When a member has been retired for one (1) year or attained fifty-one (51) years of age, whichever is later or when he would have been retired for one (1) year or attained fifty-one (51) years of age in the event the member is deceased, the board shall increase his retirement annuity or the annuity paid to his widow or dependent children by not less than two percent (2%) nor more than five percent (5%) per year, compounded annually; and such increase shall be determined and granted annually thereafter by the board.

(2) Notwithstanding the provisions of subsection (1) any member who retires under disability shall be entitled to an increase in his retirement annuity, or in the event he is deceased, in the annuity paid to his widow or dependent children by two percent (2%) per year; and such increase shall be granted annually thereafter by the board. Such increase shall [~~not~~] be compounded [~~and shall be based on the original annuity~~] until and including the date upon which the member would have been retired for one (1) year or the date upon which he has attained fifty-one (51) years of age, whichever is later, or would have been retired for one (1) year or would have attained fifty-one (51) years of age in the event the member is deceased. Thereafter, the annuity paid to the member or to his widow or to the guardian of his minor children shall be increased as provided in subsection (1) of this section.

(3) (a) A member who retired pursuant to the provisions of KRS 67A.360 to 67A.690 prior to July 15, 1980, or pursuant to KRS 67A.690(2) after July 15, 1980, or his surviving spouse or eligible surviving children, shall be granted an annual cost-of-living increase in the retirement or survivor's annuity of two percent (2%) compounded from the date of retirement until the effective date of this Act. For purposes of calculation, unless the member retired under disability, the member's or survivors first increase shall occur after the member was retired for one (1) year or attained the age of fifty-one (51), whichever was later, or would have been retired one (1) year or reached the age of fifty-one (51) whichever was later, in the event the member died before being retired one (1) year or reaching the age of fifty-one (51). In the case of retirement under disability, no age or length of retirement criteria shall apply.

(b) A retired member or his surviving spouse, or children below the age of eighteen (18) or age twenty-three (23), if engaged in full-time education, shall receive a lump sum retroactive payment of the annuity increase by August 1, 1988. The retroactive payment to the surviving spouse or eligible children shall include the retroactive payment due to the deceased member. If both the member and the spouse are deceased, and there are no eligible surviving children, no retroactive payment shall be made.

(c) The retroactive payment shall be a net figure, determined by subtracting from the figure determined pursuant to paragraph (a) of this subsection annuity increases granted to the retired member or surviving spouse or eligible children pursuant to subsections (1) or (2) of this section.

(d) After receipt of the retroactive increases, members of age fifty-one (51) or more affected by this subsection, or survivors of a member who would have been fifty-one (51) or more in the event the member is deceased, shall be granted the same annual increase granted to retirees who retired July 15, 1980 or thereafter, pursuant to subsection (1) of this section, and the annuity on which this cost-of-living increment is based shall be the annuity level reached through the addition of annual compounded two percent (2%) increases pursuant to paragraph (a) of this subsection, but not less than the annuity level in effect prior to July 15, 1988. If the member has not attained the age of fifty-one (51) or would not have attained the age of fifty-one (51) in the event the member is deceased, then the member or survivor shall continue to receive increases of two percent (2%) compounded annually until the member attains or would have attained age fifty-one (51), at which time the same annual increase granted to retirees who retired July 15, 1980 or thereafter shall apply.

HB 584, AN ACT relating to retirement annuities in urban-county government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 67A.600 is amended to read as follows:

(3) (a) Persons who retired under the provisions of KRS 95.520 to 95.620, or 95.851 to 95.884 in a city which subsequently was merged into an urban-county government, or their surviving spouses or eligible children, shall be granted an annual cost-of-living increase in their retirement or survivor's annuity of two percent (2%) compounded, from July 1, 1974 until the effective date of this Act. The survivor's annuity shall be determined as if the retired member's annuity had been increased annually by two percent (2%) compounded from the date of retirement until the date of death. The retroactive payment to the surviving spouse or eligible children shall include the retroactive payment due the deceased member. If both the member and the spouse are deceased and there are no eligible surviving children, no retroactive payment shall be made.

(c) After receipt of the retroactive increases, persons affected by this section shall be granted the same annual increase granted to retirees pursuant to KRS 67A.690(1), and the annuity on which this cost-of-living increment is based shall be the annuity level reached through the addition of annual compounded two percent (2%) increases pursuant to paragraph (a) of this subsection. If the member has not attained the age of fifty-one (51) or would not have attained the age of fifty-one (51) in the event the member is deceased, then the member or survivor shall continue to receive increases of two percent (2%) compounded annually until the member attains or would have attained age fifty-one (51), at which time the same annual increase granted to retirees who retired pursuant to KRS 67A.690(1) shall apply.

(4) The provisions of subsection (3) of this section shall not apply to any retiree or surviving spouse who receives a minimum retirement annuity, annually adjusted, pursuant to 1972 Acts Chapter 185, Section 1. If, in the future, any retiree or spouse annuity granted pursuant to this section falls below the adjusted minimum annuity, the affected retiree or spouse shall be granted, from that time forward, the adjusted minimum annuity calculated pursuant to 1972 Acts Chapter 185, Section 1.

Section 2. KRS 67A.690 is amended to read as follows:

(1) When a member has been retired for one (1) year or attained fifty-one (51) years of age, whichever is later or when he would have been retired for one (1) year or attained fifty-one (51) years of age in the event the member is deceased, the board shall increase his retirement annuity or the annuity paid to his widow or dependent children by not less than two percent (2%) nor more than five percent (5%) per year, compounded annually; and such increase shall be determined and granted annually thereafter by the board.

(2) Notwithstanding the provisions of subsection (1) any member who retires under disability shall be entitled to an increase in his retirement annuity, or in the event he is deceased, in the annuity paid to his widow or dependent children by two percent (2%) per year; and such increase shall be granted annually thereafter by the board. Such increase shall [~~not~~] be compounded [~~and shall be based on the original annuity~~] until and including the date upon which the member would have been retired for one (1) year or the date upon which he has attained fifty-one (51) years of age, whichever is later, or would have been retired for one (1) year or would have attained fifty-one (51) years of age in the event the member is deceased. Thereafter, the annuity paid to the member or to his widow or to the guardian of his minor children shall be increased as provided in subsection (1) of this section.

(3) (a) A member who retired pursuant to the provisions of KRS 67A.360 to 67A.690 prior to July 15, 1980, or pursuant to KRS 67A.690(2) after July 15, 1980, or his surviving spouse or eligible surviving children, shall be granted an annual cost-of-living increase in the retirement or survivor's annuity of two percent (2%) compounded from the date of retirement until the effective date of this Act. For purposes of calculation, unless the member retired under disability, the member's or survivors first increase shall occur after the member was retired for one (1) year or attained the age of fifty-one (51), whichever was later, or would have been retired one (1) year or reached the age of fifty-one (51) whichever was later, in the event the member died before being retired one (1) year or reaching the age of fifty-one (51). In the case of retirement under disability, no age or length of retirement criteria shall apply.

(b) A retired member or his surviving spouse, or children below the age of eighteen (18) or age twenty-three (23), if engaged in full-time education, shall receive a lump sum retroactive payment of the annuity increase by August 1, 1988. The retroactive payment to the surviving spouse or eligible children shall include the retroactive payment due to the deceased member. If both the member and the spouse are deceased, and there are no eligible surviving children, no retroactive payment shall be made.

(c) The retroactive payment shall be a net figure, determined by subtracting from the figure determined pursuant to paragraph (a) of this subsection annuity increases granted to the retired member or surviving spouse or eligible children pursuant to subsections (1) or (2) of this section.

(d) After receipt of the retroactive increases, members of age fifty-one (51) or more affected by this subsection, or survivors of a member who would have been fifty-one (51) or more in the event the member is deceased, shall be granted the same annual increase granted to retirees who retired July 15, 1980 or thereafter, pursuant to subsection (1) of this section, and the annuity on which this cost-of-living increment is based shall be the annuity level reached through the addition of annual compounded two percent (2%) increases pursuant to paragraph (a) of this subsection, but not less than the annuity level in effect prior to July 15, 1988. If the member has not attained the age of fifty-one (51) or would not have attained the age of fifty-one (51) in the event the member is deceased, then the member or survivor shall continue to receive increases of two percent (2%) compounded annually until the member attains or would have attained age fifty-one (51), at which time the same annual increase granted to retirees who retired July 15, 1980 or thereafter shall apply.

(4) The provisions of subsection (3) of this section shall not apply to any retiree or surviving spouse who receives a minimum retirement annuity, annually adjusted, pursuant to KRS 67A.430. If, in the future, any retiree or spouse annuity granted pursuant to this section falls below the adjusted minimum annuity, the affected retiree or spouse shall be granted, from that time forward, the adjusted minimum annuity calculated pursuant to KRS 67A.430.

HB 808, AN ACT relating to retirement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 78.530 is amended to read as follows:

(1) Each county and school board as defined in KRS 78.510 will participate in the system by appropriate order authorizing such participation which has been entered and duly recorded in the records of the governing body of the county or school board. The authority to issue and properly record such order of participation being hereby granted, permits such county to participate in the system. The effective date of such participation shall be fixed in the order.

(2) Once a county or school board participates it shall thereafter continue to participate except as provided in KRS 78.535.

(3) (a) Concurrent with the adoption of the appropriate resolution to participate in the system, a county may elect the alternate participation plan which will require the county to purchase on behalf of each employe electing coverage, at the time the county elected to participate in the system as provided under KRS 78.540(2) current service credit for employment in regular full-time positions between July 1, 1958 and the participation date of the county. Cost of such service credit over and above that which would be funded within the existing employer contribution rate shall be determined by the board's consulting actuary. The expense of such actuarial service shall be paid by the county;

(b) The county shall establish a payment schedule subject to approval by the board for payment of the cost of such service over and above that which would be funded within the existing employer contribution rate. The maximum period allowed in a payment schedule shall be thirty (30) years, with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any payment schedule provided it is not longer than a thirty (30) year period; and

(c) A city entering the system under the alternate participation plan, may, by ordinance, levy a special property tax to pay for current service credit purchased for the period between July 1, 1958 and the participation date of the city. The special tax shall be to pay, within a period of no more than fifteen (15) years, for the cost of such service credit over that which would be funded within the existing employer contribution rate, as determined by the board's consulting actuary. The reason for levying the special tax and the disposition of the proceeds shall be part of the ordinance levying the tax. The special tax shall be rescinded when the unfunded prior service liability has been amortized, and shall not be subject to the provisions of KRS 132.017 or 132.027. The city shall not collect the special property tax if its participation has been terminated pursuant to KRS 78.535.

(4) Every school board not participating on June 21, 1974, shall enact a resolution of participation no later than July 1, 1976.

(5) The order of the governing body of a county, as provided for in subsection (1) of this section, may exclude from participation in the system, hospitals and any other semi-independent agency. Each such excluded agency shall be identified in the order authorizing participation and such excluded agency may participate in the system as a separate agency.

(6) An agency whose participation in the county employes retirement system has been terminated by the board of trustees in accordance with KRS 78.535 may at a later date request participation in the retirement system by the adoption of an appropriate order as authorized by subsection (1) of this section. The board may accept the participation of such agency provided it is determined that such participation is in the best interest of the agency, the employes thereof and the county employes retirement system.

(7) After July 1, 1985, local government retirement systems created pursuant to KRS 79.080, 90.400, 90.410, 95.768 and 96.180 shall be closed to new members. New employes who would have been granted membership in such retirement systems shall instead be granted membership in the county employes retirement system. Employes who would have been granted membership in retirement systems created pursuant to KRS 95.768, or any other policemen or fire fighters who would have been granted membership in retirement systems created pursuant to KRS 79.080, 90.400 or 90.410 shall be certified by their employers as working in hazardous positions. Each city participating in the county employes retirement system pursuant to this subsection shall execute the appropriate order authorizing such participation, shall, if its local pension system provides a defined benefit, select the alternate participation plan as described in subsection (3) of this section, and shall pay for the actuarial services necessary to determine the additional costs of alternate participation. Cities which provide a defined contribution pension plan locally may select the alternate participation plan, and in that case shall pay for the actuarial services necessary to determine the additional costs of alternate participation.

(8) Any city which closes a police and firefighter pension plan to new members between January 1, 1988, and July 15, 1988, and participates in the system under the alternate participaton plan shall certify that its police and firefighters are working in hazardous positions. If any such city entered the county employes retirement system on January 1, 1988, or thereafter but before the effective date of this Act and did not choose hazardous duty coverage for its police and firefighters, it shall offer its police and firefighters in service at the time of entry a second option to participate under hazardous duty coverage if they were not offered hazardous duty coverage at the time of their first option. The provisions of subsection (3)(b) of this section notwithstanding, a city affected by this subsection may, at its option, extend its payment schedule to the county employes retirement system for alternate participation to thirty (30) years at the rate actuarially assumed by the board.

Section 2. KRS 15.460 is amended to read as follows:

(1) Beginning July 1, 1982, an eligible local unit of government shall be entitled to receive annually a supplement of two thousand five hundred dollars ($2,500) for each qualified police officer it employs, plus an amount equal to the required employer's contribution on the supplement to the defined benefit pension plan to which the officer belongs, *but no more than the required employer's contribution to the county employes retirement system hazardous duty category.* In the case of county employes retirement system membership, the pension contribution on the supplement shall be paid whether the officer enters the system under hazardous duty coverage or non-hazardous coverage. The local unit of government shall pay the amount received for retirement coverage to the appropriate retirement system to cover the required employer contribution on the pay supplement. Should the foundation program funds be insufficient to pay employer contributions to the system, then the total amount available for pension payments shall be prorated to each eligible government so that each receives the same percentage of required pension costs attributable to the cash salary supplement.

(2) Each qualified police officer, whose local government receives a supplement pursuant to subsection (1) of this section, shall be paid by the local government the supplement which his qualifications brought to the local government. The supplement paid each police officer shall be in addition to his regular salary.

HB 907, AN ACT relating to municipal public ways.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 82.400 is amended to read as follows:

(1) *If* [~~Whenever~~] any person desires to offer for dedication by recorded plat any public way or easement within the city limits, he shall file with the city legislative body a map or plat of the territory bounded, intersected or immediately adjacent to the proposed public way or easement, showing the proposed name, nature and dimensions of the public way or easement offered for dedication. If the city legislative body decides the proposed dedication would be beneficial to the public interest and suitable for the immediate or future acceptance of the city, it shall approve the map or plat, and the mayor shall subscribe a certificate of approval on the map and acknowledge the execution thereof before any public officer authorized to take acknowledgments of deeds. The map or plat may then be recorded in the office of the county clerk.

(2) *Where subdivision regulations have been adopted as provided in KRS Chapter 100, and where streets or public ways as dedicated on the final subdivision plat have been constructed, inspected, and approved in accordance with the subdivision regulations, then the procedure for filing the map or plat with the city legislative body as required in subsection (1) of this section shall be waived, and the dedicated street or public way shall automatically be deemed beneficial to the public interest, subject to acceptance and maintenance by the city forty-five (45) days after inspection and final approval and shall be a public way for all purposes* [~~Property dedicated as a public way or easement by the owner within any territory subsequently annexed to a city shall not be a public way or easement of the city until dedication by the owner has been accepted by ordinance~~].

The city may, at any time after the expiration of five (5) years from the time the property is opened to the public, pass an ordinance declaring it so dedicated, and accepting the dedication, whereupon it shall be a public way or easement of the city for all purposes. The lack of an actual dedication to the city, or of a record title on the part of the city, shall be no defense against the collection

of any tax that may be levied against property abutting thereon for the payment of the cost of any improvement constructed thereon by order of the city. (1) If the council of any community by resolution finds and declares (a) that there exist in the community slum areas or blighted areas, (b) that there is need in the community for the exercise of powers, functions and duties conferred by KRS 99.330 to 99.510, and (c) that the exercise of such powers, functions and duties by an agency created and established pursuant to this section would be more efficient and in the public interest than the exercise of such powers, functions and duties by the community or the housing commission of the community pursuant to KRS 99.490, an agency, to be known as the urban renewal and community development agency of the city or county, as the case may be, shall thereupon exist for such community with the powers, duties and functions provided for in KRS 99.330 to 99.510.

(2) *An urban renewal and community development agency created pursuant to subsection (1) of this section, may be dissolved at any time by the council which created it by a three-fifths (3/5) vote of the legislative body.*

(3) Upon adoption of *a* [~~the~~] resolution *creating an agency,* the mayor shall be promptly notified and he shall appoint, with the approval of a majority of the council, five (5) resident electors of the community as members of the agency.

(4)[~~(3)~~] Three (3) of the members who are first appointed shall be designated to serve for terms of one (1), two (2) and three (3) years respectively, and the remaining two (2) of such members shall be designated to serve for terms of four (4) years each, from the date of their appointment. Any appointments heretofore made for a term of five (5) years are hereby confirmed and declared to be appointments for a term of four (4) years from the date of such appointment. Thereafter members shall be appointed as aforesaid for a term of office of four (4) years, except that all vacancies occurring during a term shall be filled for the unexpired term. A member shall hold office until his successor has been appointed and qualified.

(5)[~~(4)~~] The agency shall elect a chairman from among its members. The term of office as chairman of the agency, unless otherwise prescribed by the council shall be for the calendar year, or for that portion thereof remaining after each such chairman is designated or elected.

(6)[~~(5)~~] The powers of each agency shall be vested in the members thereof then in office. Members of an agency or their staff shall receive their actual and necessary expenses, including traveling expenses, provided, however, that such other compensation, if prescribed, shall be paid exclusively from community funds.

(7)[~~(6)~~] For inefficiency or neglect of duty or misconduct in office, a member of an agency may be removed by the council but the member may be removed only after he shall have been given a copy of the charges at least ten (10) days prior to a public hearing thereon and has had an opportunity to be heard in person or by counsel.

(8)[~~(7)~~] No officer or employe of the community, or of the agency, who in the course of his duties is required to participate in the formulation of plans or policies for the redevelopment of a development area, or to approve such plans or policies, shall acquire any interest in any property included within a development area within the community. If any such officer or employe owns or has financial interest, direct or indirect, in any property included within such a development area he shall immediately disclose, in writing, such interest to the agency and to the council and such disclosure shall be entered in the minutes of the agency and of the council. Failure to so disclose such interest shall constitute misconduct in office. No payment shall be made to any member or officer of an agency for any property or interest therein acquired by the agency from such member or officer unless the amount of such payment is fixed by court order in eminent domain proceedings, or unless such payment is unanimously approved by the council.

(9)[~~(8)~~] When an agency is created for any community, the council may at that time, and from time to time thereafter, appropriate such amounts of money to the agency as it deems necessary for the administrative purposes of the agency. The administrative purposes of the agency may include staff and consultants for research, studies and surveys, designation of development areas, preparation of development plans, estimates of the cost of acquisition, clearance and conditioning of land for redevelopment, estimates of the fair use value of the land and any other administrative expenses considered necessary by the council.

(10)[~~(9)~~] Each such agency shall file with the council a detailed report of all its transactions, including a statement of all revenues and expenditures, at such intervals as the council may prescribe.

[~~(10) At any time after two (2) years after the appointment of the first five (5) members of the agency, if such agency shall not theretofore have redeveloped or acquired land for, or commenced the redevelopment of, a project, or entered into any contracts for redevelopment, the council may by resolution declare that the offices of the members of the agency shall be vacated and thereupon the capacity of the agency to transact business or exercise any power shall be suspended and shall remain suspended until the appointment of new members to the office of the agency as hereinbefore set forth in this section.~~]

Section 9. KRS 161.520 is amended to read as follows:

Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred twenty dollars ($220) per month when the surviving widow or widower's total income from all sources does not exceed six thousand dollars ($6,000) per year or five hundred dollars ($500) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the teachers' retirement system, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life except that eligibility for this benefit shall cease upon remarriage. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be one hundred eighty dollars ($180) per month in the case of one (1) such child, three hundred ten dollars ($310) per month in the case of two (2) such children, three hundred sixty dollars ($360) per month in the case of three (3) such children, and four hundred dollars ($400) per month in the case of four (4) or more such children. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3) of this section.

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists *or the child marries.* Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. *The mental or physical condition of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(12).* Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) of this section and shall be in addition to such benefits.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19) if a full-time student in high school or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1), (2), (3), (4), and (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

Section 10. KRS 161.540 is amended to read as follows:

(1) Effective July 1, 1984, each member shall contribute to the retirement system nine and six-tenths percent (9.6%) of annual compensation except that university faculty members shall contribute eight and twelve-hundredths percent (8.12%) of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. *In the event a member is awarded a court ordered back payment the employer shall deduct and remit the member contribution on the payment, plus interest, to the retirement system unless otherwise specified by the court order.*

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 11. KRS 161.545 is amended to read as follows:

(1) Members may make contributions and receive service credit for substitute, part-time or any service other than regular full-time teaching as provided in the rules and regulations of the board of trustees. Members placed on leave of absence may make contributions and receive service credit for such leave as provided in rules and regulations adopted by the board of trustees. Contributions permitted after August 1, 1982 shall not be picked up pursuant to KRS 161.540(2).

(2) Active members who have been granted leaves of absence since July 1941, for reasons of health or to improve their educational qualifications, and did not make contributions to the teachers' retirement system may make contributions prior to July 1, 1989 under the following conditions:

(a) Such leave shall be verified by a copy of the board of education minutes which granted the leave of absence;

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence with interest at the rate of eight percent (8%) compounded annually from the beginning of the school year next following the year of leave, and by depositing in the state accumulation fund an amount equal to the above sum; and

(c) The member may receive credit for no more than two (2) years under the provisions of this subsection.

Section 12. KRS 161.550 is amended to read as follows:

[~~(1) Beginning with July 1, 1976, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all members. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total member salaries to discharge the system's unfunded obligations with interest assumed by the state. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.230 to 161.716. In the event an annual appropriation is in excess of these requirements, such excess funds shall, in the 1982-84 biennium, be retained by the system to be applied to any unfunded remaining costs as described in subsection (5) of KRS 161.155. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the state's obligation to match the July 1, 1984 increase in the member rate of contribution during the 1984-86 biennium. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system.~~

~~(2)~~] Beginning with July 1, 1988, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all employes of local school districts who are members of the retirement system. The state shall, in addition to the above amount, provide an annual *contribution* [~~overmatch~~] of three and one-fourth percent (3.25%) of total salaries of the employes of local school districts who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts, shall contribute annually to the retirement system a permanent amount equal to that contributed by its employes who are members of the retirement system plus an additional three and one-fourth percent (3.25%) of the total of salaries of its employes who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts, shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.230 to 161.716. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. State contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and such contributions shall be considered deferred compensation to the members.

Section 13. KRS 161.560 is amended to read as follows:

Each agency employing members of the retirement system shall deduct from the compensation of each member for each payroll period subsequent to the date upon which the teacher became a member such percentage of his earnable compensation as is due under the rates prescribed in KRS 161.540. No later than fifteen (15) days following the end of each payroll period the agency shall forward all amounts so deducted to the teachers' retirement system. The retirement system shall charge the employing agency interest at an annual rate not to exceed twelve percent (12%) for deductions not remitted within the specified fifteen (15) days. Such payroll reports, contributions lists, and other data as may be required by regulation of the board of trustees shall be submitted. *Employers shall submit an annual report, in compliance with requirements of the retirement system, of teacher contributions and periods employed to the retirement system no later than August 1 following the completion of each fiscal year. The retirement system may impose a penalty on the employer not to exceed one thousand dollars ($1,000) when the employer does not meet the August 1 reporting date.* The deductions shall be made notwithstanding the fact that the salary as a result may be less than the minimum compensation provided by law. Every member shall be deemed to consent and agree to the deductions and the deductions shall be considered as having been paid to the member. After August 1, 1982, employe contributions shall be picked up by the agency pursuant to KRS 161.540(2).

Section 14. KRS 161.600 is amended to read as follows:

(1) Effective July 1, *1988* [~~1978~~], a member of the retirement system may qualify for service retirement by meeting *one (1)* [~~either~~] of the following requirements:

(a) Attainment of age *sixty (60)* [~~fifty-five (55)~~] years and completion of five (5) years of Kentucky service[~~, two (2) years of which are subsequent to July 1, 1941~~];

~~28 years - 84% of benefits~~

~~27 years - 76% of benefits; and~~]

(c) *At any age with completion of a minimum of thirty (30) years of Kentucky service. A member having less than thirty (30) years of Kentucky service may retire at any age with an actuarial reduction of eight percent (8%) for each year the member's years of service is less than thirty (30) but not more than twenty-seven (27) years of service* [~~Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under paragraph (a) of this subsection who are less than age sixty (60) years~~].

(2) [~~Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.~~

~~(3)~~] Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years, may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4)[~~(5)~~] No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(5)[~~(6)~~] The surviving spouse of an active contributing member, if named as beneficiary of the member's

Section 15. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;

(b) For retirements effective January 1, 1984, and thereafter, the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%); and

(c) *The retirement allowance of a member at retirement shall not exceed the member's last annual compensation or the member's final average salary, whichever is the greater amount* [~~If the member has five (5) years or more of Kentucky service, but less than thirty (30) years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than thirty (30) years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances~~].

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than one hundred forty dollars ($140) effective July 1, 1986 and one hundred eighty dollars ($180) effective July 1, 1987, multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection. Eligibility for the benefits provided under this subsection shall be determined after applying any other cost-of-living adjustments provided by statute to the June, 1986 and June, 1987 annuity payment of the member.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1986, the monthly allowance of each member retired on or before July 1, 1985, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, 1987, the monthly allowance of each member retired on or before July 1, 1986, and each recipient of a retirement option of such retired member shall be increased in the amount of three percent (3%) of the monthly allowance. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for

the life of such child or until such time as the mental condition creating the dependency no longer exists *or the child marries.* The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82, 1982-84 and 1986-88 and the cost of implementing the increases provided under subsection (3) of this section shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1986-88 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 16. KRS 161.630 is amended to read as follows:

(1) A member, upon retirement shall receive a retirement allowance in the form of a life annuity, with refundable balance, as provided in KRS 161.620, unless an election is made before the effective date of retirement to receive actuarially equivalent benefits under such options as the board of trustees approves. No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The benefit option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(a) A divorce, annulment, marriage dissolution, or death of a spouse or the death of any other designated beneficiary following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement to provide continuing lifetime benefits to such beneficiary and return the retiree to his single lifetime benefit equivalent as determined by the board; or

(b) Following marriage or remarriage, a retiree may elect a new optional plan of payment based on the actuarial equivalent of his single lifetime benefit, as determined by the board. Such a plan shall become effective the first of the month following an application on a form approved by the board.

Section 17. KRS 161.655 is amended to read as follows:

(1) Upon the death of a member retired for service or disability, a death benefit of two thousand and five hundred dollars ($2,500) shall be paid to the member's estate *or to a party designated by the member on a form prescribed by the retirement system.* Upon the death of an active contributing member, a death benefit of two thousand dollars ($2,000) shall be paid to the member's estate *or to a party designated by the member on a form prescribed by the retirement system.* Application for the death benefit shall be made to the teachers' retirement system together with acceptable evidence of death and eligibility.

(2) Suit or civil action shall not be required for the collection of the death benefit provided herein, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

SECTION 18. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

Any active contributing member with less than five (5) years of Kentucky service may apply and be approved for disability retirement under KRS 161.661 if the member is found to be mentally or physically incapacitated as a result of an injury related directly to their covered employment. All conditions and restrictions specified under KRS 161.661 shall be applicable except that the initial annual disability allowance shall be equal to fifty percent (50%) of the member's current annual contract salary and the member's last annual contract salary shall be used in lieu of the final average salary in the recalculation of the member's benefit at the expiration of the eligibility period.

(6) Effective July 15, 1986, service credit obtained under subsections (1) to (4) of this section shall be disallowed and the recontribution of refund including interest as determined by the board and the delayed contribution payment, if any, shall be paid to the member, upon request, or in the event of his death to his properly designated beneficiary if the member does not obtain for service performed six (6) months current service credit in either the Kentucky employes retirement system, county employes retirement system, state police retirement system, teachers' retirement system, judicial retirement plan or legislators' retirement plan, or as an employe of a parted employer.

(7) Any employe of a county participating in the county employes retirement system, or any employe of a department participating in the Kentucky employes retirement system, who has obtained for service performed six (6) months current service credit in either retirement system, who formerly worked for a state university in a position which would have qualified as a regular full-time position had the university been a participating department, and who did not have the option to be covered at the university by an advance funded retirement program in which he could vest during his period of employment, or did not participate

in a retirement system which can be consolidated with other accounts pursuant to KRS 61.680(2), may obtain credit in the county employes retirement system or the Kentucky employes retirement system for prior and current service by paying either retirement system a delayed contribution payment for the service he would have received had his period of university employment been covered by the county employes or Kentucky employes retirement system. (c) Cost of the service credit purchased under this subsection shall be determined by computing the discounted value of the additional service credit based on an actuarial formula recommended by the board's consulting actuary and approved by the board. A department shall make payment for such service credit within the same fiscal year in which the option is elected. The county shall establish a payment schedule subject to approval by the board for payment of such service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

(d) If a county or department elects the provisions of this subsection any present employe who would be eligible to receive service credit under the provisions of this subsection and has purchased service credit under subsection (4) or (5) of this section shall have his payment for such service credit refunded with interest at the rate paid under KRS 61.575 or KRS 78.640;

The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(12) A retired member, who is contributing to one (1) of the state administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, will have his retirement allowance recomputed:

The employer's share of sixty-five (65) percent of such computed actuarial cost shall be paid from the state treasury to the Kentucky employes retirement system upon presentation of a properly documented claim to the finance and administration cabinet. Based upon this calculation, the state treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

The determination of the secretary of the finance and administration cabinet shall be set forth in an order, and shall be reached only after review of a written request by the agency desiring to dispose of the property. Such request shall describe the property and state the reasons why the agency believes disposal should be effected. All instruments required by law to be recorded which convey any interest in any such real property so disposed of shall be executed and signed by the secretary of the finance and administration cabinet and approved by the governor. Unless the secretary of the finance and administration cabinet deems it in the best interest of the state to proceed otherwise, all such property (including any interests in real property) shall be sold either by invitation of sealed bids or by public auction, provided however that the selling price of any interest in real property shall not be less than the appraised value thereof as determined by the department, or the department of transportation for such requirements of that department.

In any case in which such an acquisition is consummated, the said request and finding shall be recorded and kept by the secretary of state along with the other documents recorded pursuant to the provisions of KRS Chapter 56.

(10) The finance and administration cabinet shall maintain records of all purchases and sales made under its authority and shall make periodic summary reports of all transactions to the secretary of the finance and administration cabinet, the governor, and the general assembly. (11) For capital construction projects, subject to the provisions of KRS Chapter 45A, the bidding may be on a total design-bid basis; a package system commonly referred to as "turnkey"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the secretary of the finance and administration cabinet offers the lowest real cost to the taxpayer. Bids shall be reviewed by the engineering staff to assure quality and value, and compliance with bid procedures. All specifications shall be written to promote competition.

Such economic feasibility analysis shall consist of life-cycle cost comparisons of a component that would utilize coal and one(s) that would utilize any fuel other than coal. For such analyses, the finance and administration cabinet shall provide detailed estimates of equipment purchase price, installation cost, annual operation and maintenance costs, and usage patterns of energy-using components.

SB 24, AN ACT relating to properties leased by the state.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 900 (FORMERLY 200 KAR 6:035) IS CREATED TO READ AS FOLLOWS:

(1) As used in this Act, unless the context requires otherwise:

(a) "Cabinet" shall mean the finance and administration cabinet;

(b) "Division of real properties" shall mean the division of real properties of the finance and administration cabinet;

(c) "Secretary" shall mean the secretary of the finance and administration cabinet.

(2) (a) A state agency shall, except as enumerated in subsection (3) of this section, submit its space request to the division of real properties at least ninety (90) calendar days before the space requested will be required by the agency.

(b) Upon review and approval of the agency space request by the finance and administration cabinet, advertisements shall be placed soliciting written proposals.

(c) Lease proposals shall be submitted at or prior to the time and place designated in the advertisement for proposals. All proposals shall be opened and publicly read.

(d) The division of real properties shall notify in writing all persons submitting a lease proposal of the selected property intended to be leased. Notice of award of a lease shall not constitute a contract binding against the Commonwealth.

(e) Whenever it is anticipated that a lease may be negotiated containing deviations or variations from the terms and conditions of the state standard lease form prescribed by the division of real properties, any such deviations or variations shall be noted in the advertisement. If any person submitting a proposal in response to an advertisement proposes terms and conditions of lease different from those contained in the state standard lease form which are determined to be advantageous to, and in the Commonwealth's best interest to accept, but no mention has been made in the advertisement of the acceptability thereof, then all other persons submitting proposals on the basis of such advertisement shall be advised in writing of such terms and conditions and allowed to conform their proposals in accordance therewith for purposes of establishing more competitive positions upon which lease negotiations may be based.

(3) (a) Except when another lease term is approved by the secretary , the terms of all leases made under this section shall, as provided in the state standard lease form , provide for an initial lease term beginning on a date certain and ending on or before the 30th day of June in each year, subject to automatic extension for additional periods of twelve (12) months each, not to exceed five (5) such extension periods, provided that the Commonwealth, within the time specified in the lease (thirty (30), sixty (60) or ninety (90) days) does not give written notice that the lease will not be extended beyond the end of the then current term. Subject to the agreement of the lessor, an expired lease may be renewed upon the same terms and conditions without newspaper advertisement for space.

(b) The Commonwealth shall reserve the right to cancel a lease upon written notice within the time specified in the lease agreement (thirty (30), sixty (60) or ninety (90) days).

(4) Newspaper advertisements soliciting written proposals for the lease of space by the Commonwealth shall not be required if space suitable to the needs of agencies for whose use space is sought is determined to be available for lease in a building owned by a political subdivision or municipality, or the space is required as the result of a bona fide emergency.

(5) (a) After all requirements have been met for selecting property to be leased, the division of real properties shall determine the amount of rent to be paid for leased property by negotiating with the property owner or owner's authorized representative. In such negotiation the secretary or his designee shall seek to obtain the lowest rate possible.

(b) Except as stated in subsection (6) of this section, when part but not all of a building is to be leased, the rent shall be calculated by multiplying the agreed per square foot rental charge by the number of square feet for all space in the building to be exclusively occupied by the state agency.

(c) Except as stated in subsection (6) of this section, when the purpose of a lease is to provide one (1) or more state agencies with total occupancy of an entire leased building, the rent shall be calculated by multiplying the agreed per square foot rental rate by the number of square feet of floor space in the building as determined by its exterior horizontal dimensions, times the number of floors.

(6) (a) An agency may request that the cabinet provide additional space in a building in which space is already leased by the state. If the cabinet determines there is need for more space, the current lease may be amended, with agreement of the lessor, to increase the leased space. However, the rental rate paid for such additional space shall not exceed the square foot rental rate fixed by the original lease. A lease may also be modified with agreement of the lessor to decrease the number of square feet leased and the rent shall be appropriately reduced.

(b) The cabinet may amend a lease of private property to provide for an increase in the rental rate when the lessor has made improvements in the leased property at the request of and to meet the needs of the state agency occupying the premises, provided the improvements and rent increase have the prior approval of the secretary . Such rent increase shall be, and shall be identified as being, for the purpose of amortizing in full or in part the cost incurred by the owner at the state's request. Any increase for this purpose shall not extend beyond the period required to accomplish the agreed amortization.

(c) No improvement of a permanent nature shall be made at direct state expense in privately leased property. No improvements of a permanent nature may be made at direct state expense in publicly-owned leased property unless the Commonwealth shall have the leasehold interest in such property of a duration sufficient to permit amortization of the cost of the improvement over the life of the lease.

(d) The division of real properties shall maintain a register of all proposed lease modifications which if approved, will result in the payment of a square foot rate for the leased space which is greater than the square foot rate contained in the original lease. All such proposed modifications shall be filed and kept in the register for public inspection and comment for thirty (30) calendar days. Comments received from the public during such period shall be considered before the lease modification is executed by the parties and becomes binding against the Commonwealth. After receiving such comments should the secretary determine that the proposed modifications are not in the interest of the Commonwealth, he may then require the agency to continue operation in its present space or cancel the lease and seek more suitable space. The lessor under any lease proposed to be modified as contemplated therein shall be advised of the requirements of this subsection and cautioned that the Commonwealth shall have no liability for any action undertaken by the lessor in anticipation of, but prior to execution of the modifications of the lease.

(7) (a) Any modification to an existing lease that is less than fifty thousand dollars ($50,000) shall be reported to the capital construction and equipment purchase oversight committee within thirty (30) days after execution. The report shall consist of the terms of the lease before and after modification, the reason for the modification, and the name of the lessor.

(7) "Telephone account wagering" means a form of pari-mutuel wagering where an individual may deposit money in an account at a track and may place a wager by direct telephone call to the track.

SECTION 2. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) Other provisions of the Kentucky Revised Statutes notwithstanding, a track conducting a race meeting in the Commonwealth of Kentucky shall participate in intertrack wagering as a host track and shall make a simulcast signal of its races available to any track that desires to receive the simulcast. Receipt of simulcasting and participation in intertrack wagering as a receiving track is at the discretion of each track. Failure of a track to participate in intertrack wagering as a host track may be grounds for the suspension or revocation of the track's license.

(2) No track shall be permitted to receive simulcasts from a host track conducting racing in the same county or from a host track conducting racing at the same time as a host track conducting racing in the same county, unless such simulcasts are agreed to in writing by the receiving track and the host track in the same county.

(3) In a county containing more than one (1) track, the track which conducts racing of the same breed as a host track shall have an exclusive right of first refusal for the simulcasts of such races. (6) Each commission of jurisdiction is vested with power to promulgate necessary and reasonable administrative regulations for the purpose of administering the conduct of intertrack wagering and regulating

the conditions under which such wagering shall be held and conducted. Such administrative regulations are to provide for the prevention of practices detrimental to the public interest and to impose penalties for violations. All such administrative regulations shall be in conformity with the provisions of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) A receiving track may accept wagers only at the track where it is licensed to conduct its race meeting and through a telephone account wagering system. A receiving track shall be solely responsible for conducting its own wagering pools and for making all payoffs. The commission of jurisdiction may require wagers at a receiving track to form a common pool with wagers at a host track if it is deemed feasible and to be in the public interest.

(2) The commission of a receiving track shall be the same as the commission of the host track as determined in KRS 138.515 or 230.750, plus two percent (2%). The additional two percent (2%) shall be retained by the receiving track and allocated evenly between the host track and the receiving track to cover the cost of simulcasting, unless otherwise agreed to by contract.

All moneys wagered by telephone account wagering shall be subject to the applicable pari-mutuel tax levied in KRS 138.510 and shall form a common pool with other pari-mutuel pools at the track for each posted race. The commission of jurisdiction shall have authority to promulgate necessary and reasonable administrative regulations to regulate the conduct of telephone account wagering.

(2) A track shall accept and tabulate a telephone account wager only from the holder of a telephone wagering account. No person shall directly or indirectly act as an intermediary, transmitter or agent in the placing of wagers for a holder of a telephone wagering account. No person shall in any manner place a wager through telephone account wagering, on behalf of a holder of a telephone wagering account. Only the holder of a telephone wagering account shall place a telephone wager. Any person violating this subsection shall be guilty of a class A misdemeanor.

to 230.360 including, but without limitation, the following:

(1) The commission is vested with jurisdiction and supervision over all thoroughbred race meetings in this Commonwealth and over all associations and all persons on association grounds and may eject or exclude therefrom or any part thereof, any person, licensed or unlicensed, whose conduct or reputation is such that his presence on association grounds may, in the opinion of the commission, reflect on the honesty and integrity of thoroughbred racing or Appaloosa racing or interfere with the orderly conduct of thoroughbred racing or Appaloosa racing at thoroughbred race meetings; provided, however, no persons shall be excluded or ejected from association grounds solely on the ground of race, color, creed, national origin, ancestry, or sex;

(2) The commission, its representatives and employes, may visit, investigate and have free access to the office, track, facilities or other places of business of any licensee for the purpose of satisfying itself that KRS 230.215 to *230.374* [~~230.3611~~] and its rules and regulations are strictly complied with;

(3) The commission shall have full authority to prescribe necessary and reasonable rules, regulations and conditions under which thoroughbred horse racing and Appaloosa racing at a thoroughbred race meeting shall be conducted in this state and to fix and regulate the minimum amount of purses, stakes or awards to be offered for the conduct of any thoroughbred race meeting;

(4) Applications for licenses shall be made in the form, in the manner and contain information as the commission may, by rule, require. Fees for all licenses issued under KRS 230.310 shall be prescribed by and paid to the commission; and

(5) The commission shall establish by regulation minimum fees for jockeys to be effective in the absence of a contract between an employing owner or trainer and a jockey. The minimum fees shall be no less than those of July 1, 1985;

(6) Any of the foregoing rules, regulations and conditions may be altered, amended, repealed and published from time to time. All rules, regulations and conditions shall become effective thirty (30) days after the filing thereof with the legislative research commission unless the governor finds an emergency to exist in which event the same shall become effective immediately upon filing with the legislative research commission. The commission may, but shall not be required to, advertise any of its regulations either before or after filing;

(7) The commission may issue subpoenas for the attendance of witnesses before it and administer oaths to such witnesses whenever, in the judgment of the commission, it is necessary to do so for the effectual discharge of its duties;

(8) The commission shall have authority to compel any racing association licensed under KRS 230.215 to 230.360 to file with the commission at the end of its fiscal year, a balance sheet, showing assets and liabilities, and an earnings statement, together with a list of its stockholders or other persons holding a beneficial interest in the association.

Section 7. KRS 230.320 is amended to read as follows:

(1) Every license granted under KRS 230.210 to 230.360 is subject to revocation or suspension by the commission in any case where it has reason to believe that any provision of KRS 230.210 to *230.374* [~~230.3611~~] or rule, regulation or condition of the commission affecting it has not been complied with or has been broken or violated. The commission in the interest of honesty and integrity of thoroughbred horse racing and Appaloosa horse racing may prescribe rules and regulations under which any license may be denied, suspended or revoked.

(2) Any person alleged to have committed a violation under subsection (1) of this section may request a stay of imposition of the stewards' sanction. Pending appeal, a hearing on such request for stay shall be held within forty-eight (48) hours of the receipt of the request for a stay by the commission. In the event the commission is not able to hold a hearing within forty-eight (48) hours, the stay shall be automatically granted. It shall be the policy of the commission to grant stays, unless:

(a) In any case where a licensee is alleged to have committed a flagrant violation of the prescribed rules and regulations of racing which presents a clear and present danger to the immediate integrity of racing, and

(b) Wherein it is impossible for the commission to secure necessary scientific evidence or indispensable witnesses within forty-eight (48) hours, then the commission or its designated hearing officer may refuse a request for the stay of any penalty imposed, as long as a hearing is held no later than thirty (30) days from the initial stewards' determination of a violation.

(3) If any license is denied, suspended or revoked the commission shall state publicly its reasons for the suspension or revocation and shall cause an entry of such reasons to be made on its record book. The action of the commission in denying, suspending or revoking any license issued under KRS 230.210 to 230.360 is final except that such action is subject to review by any court of competent jurisdiction. The action of the commission shall remain in full force and effect until reversed or modified by a valid order of such court.

All such wagering shall form a common pool and shall be conducted in accordance with applicable federal law.~~

~~(3) The take-out for pari-mutuel wagering conducted under subsection (2) of this section shall be an amount equal to that withheld under the provisions of KRS 138.515. The pari-mutuel tax credit permitted in KRS 138.510 shall not apply to pari-mutuel wagering conducted under subsection (2) of this section.~~

~~(4)~~] In no event shall the operation of a pari-mutuel system for betting where authorized by law constitute grounds for the revocation or suspension of any license issued and held under KRS 230.350.

Pari-mutuel wagering licensed and approved under this subsection shall be limited to four (4) days per year. All racing and wagering authorized by this subsection shall be conducted in accordance with applicable administrative regulations of the commission.

Said sums shall be paid on or before December 31 in each year, provided that no payments shall be made by the commission to the Kentucky Racing Health and Welfare Fund, Inc., unless the commission and the auditor of public accounts are satisfied that the fund is in all respects being operated for the charitable and benevolent purposes as set forth above and that no part of the funds paid to the fund by the commission or any net earnings of the fund inure to the benefit of any private individual, director, officer or member of the fund or any of the persons who turned over sums to the commission representing unclaimed pari-mutuel tickets.

(1) Other provisions of the Kentucky Revised Statutes notwithstanding, a track conducting a race meeting in the Commonwealth of Kentucky may participate in intertrack wagering as a host track and may make a simulcast signal of its races available to any track that desires to receive the simulcast. Receipt of simulcasting and participation in intertrack wagering as a receiving track is at the discretion of the host track.

(2) No track shall be permitted to receive simulcasts from a host track conducting racing in the same county or from a host track conducting racing on the same days as a host track conducting racing in the same county unless such simulcasts are agreed to in writing by the receiving track and the host track in the same county.

(2) The commission of a receiving track shall be the same as the commission of the host track as determined in KRS 138.515 or 230.750.

All moneys wagered by telephone account wagering shall be subject to the applicable pari-mutuel tax levied in KRS 138.510 and shall form a common pool with other pari-mutuel pools at the track for each posted race. (1) The commission is vested with jurisdiction and supervision over all thoroughbred race meetings in this Commonwealth and over all associations and all persons on association grounds and may eject or exclude therefrom or any part thereof, any person, licensed or unlicensed, whose conduct or reputation is such that his presence on association grounds may, in the opinion of the commission, reflect on the honesty and integrity of thoroughbred racing or Appaloosa racing or interfere with the orderly conduct of thoroughbred racing or Appaloosa racing at thoroughbred race meetings; provided, however, no persons shall be excluded or ejected from association grounds solely on the ground of race, color, creed, national origin, ancestry, or sex;

(2) The commission, its representatives and employes, may visit, investigate and have free access to the office, track, facilities or other places of business of any licensee for the purpose of satisfying itself that KRS 230.215 to *230.374* [~~230.3611~~] and its rules and regulations are strictly complied with;

The commission may, but shall not be required to, advertise any of its regulations either before or after filing;

(7) The commission may issue subpoenas for the attendance of witnesses before it and administer oaths to such witnesses whenever, in the judgment of the commission, it is necessary to do so for the effectual discharge of its duties;

Section 7. KRS 230.320 is amended to read as follows:

(1) Every license granted under KRS 230.210 to 230.360 is subject to revocation or suspension by the commission in any case where it has reason to believe that any provision of KRS 230.210 to *230.374* [~~230.3611~~] or rule, regulation or condition of the commission affecting it has not been complied with or has been broken or violated. In the event the commission is not able to hold a hearing within forty-eight (48) hours, the stay shall be automatically

(3) If any license is denied, suspended or revoked the commission shall state publicly its reasons for the suspension or revocation and shall cause an entry of such reasons to be made on its record book. All such wagering shall form a common pool and shall be conducted in accordance with applicable federal law.~~

The Interstate Corrections Compact is hereby enacted into law and entered into by this state with any other states legally joining therein in the form substantially as follows:

INTERSTATE CORRECTIONS COMPACT

ARTICLE I

Purpose and Policy

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditure and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II

Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally *retarded* [~~defective~~], in which inmates as defined in (d) above may lawfully be confined.

ARTICLE III

Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV

Procedures and Rights

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V

Acts Not Reviewable in Receiving State: Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI

Federal Aid

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provisions, provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII

Entry Into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into the law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII

Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX

Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangements which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X

Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Section 17. KRS 615.030 is amended to read as follows:

The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joined therein in form substantially as follows:

ARTICLE I Purpose and Policy

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II Definitions

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

(b) "Sending agency" means a party state, officer or employe thereof; a subdivision of a party state, or officer or employe thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally *retarded* [~~defective~~] or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children therein.

(b) Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV Penalty for Illegal Placement

This sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place or care for children.

ARTICLE V Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one (1) or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII Limitations

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or non-agency guardian in the receiving state.

(b) Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX Enactment and Withdrawal

(1) The authority *may* [~~is hereby authorized and empowered to~~] provide, at one (1) time or from time to time, for the issuance of its Kentucky *infrastructure* [~~pollution abatement and water resources finance~~] authority revenue bonds, for the purpose of providing funds and moneys to the authority to enable it to enter into assistance agreements with governmental agencies, *acquire and lease infrastructure projects to governmental agencies, purchase obligations of governmental agencies issued for infrastructure projects* and [~~thereby~~] make *loans or* [~~state~~] grants for *infrastructure* [~~eligible~~] projects, and to enable the authority generally to carry out and effectuate its proper corporate purposes. The principal of and the interest on *the* [~~such~~] revenue bonds or notes shall be payable solely from authority revenues[~~, as defined in this chapter~~]. Any such notes [~~issued~~] may be made payable from the proceeds of bonds or renewal notes, or in the event bond or renewal note proceeds are not available, or should the authority deem it financially practicable to pay *the* [~~such~~] notes directly from authority revenues, *the* [~~such~~] notes may be paid from any available authority revenues.

(2) The revenue bonds or notes of the authority shall be dated and may be redeemable prior to maturity at the option of the authority at [~~such~~] prices and under [~~such~~] terms and conditions [~~as may be~~] determined by the authority. Any [~~such~~] bonds or notes shall bear interest at *the* [~~such~~] rate or rates, *shall be payable annually or at shorter intervals and may bear conversion privileges* [~~as may be~~] determined by the authority. The authority shall determine the form and manner of execution of the bonds or notes, and shall fix the denomination or denominations and the place or places of payment

of principal and interest, which may be any bank or trust company within or without the state. In case any officer of the authority whose signature or facsimile of whose signature shall appear on any revenue bonds or notes, shall cease to be such officer before the delivery thereof, *the* [~~such~~] signature or *the* [~~such~~] facsimile shall[~~, nevertheless,~~] be valid and sufficient for all purposes, the same as if *the* [~~such~~] officer had remained in office until *the* [~~such~~] delivery. *At the time of issuance of variable rate revenue bonds, the authority may designate individuals or institutions which, in the sole judgment of the authority, have financial market expertise to serve as agent for the authority for establishing and changing from time to time, while the variable rate revenue bonds remain outstanding, the rate of interest to be borne by and the price to be paid for the revenue bonds. The authority may also provide for the replacement of any revenue bonds or notes *that* [~~which~~] shall have become mutilated or shall have been destroyed or lost. Revenue bonds or notes may be issued under the provisions of this chapter directly by the authority without obtaining the consent or acquiescence of any cabinet, division, commission, board, department or agency of the *state other than the finance and administration cabinet* [~~Commonwealth of Kentucky~~], and without any other proceedings or the happening of any other conditions or things except as specifically required by this chapter[~~,~~] and the provisions of the resolution or resolutions of the authority authorizing

the issuance of *the* [~~such~~] revenue bonds or notes[~~; provided, however, nothing in this chapter shall be construed as removing any governmental agency from the jurisdiction of any such cabinet, division, commission, board, department or agency of the Commonwealth of Kentucky otherwise established by law as a prerequisite for financing commitments~~].

Section 14. KRS 224A.180 is amended to read as follows:

(1) In order to protect the public health, safety, and welfare, and in order to assure the prompt and necessary payment to the authority of all monetary requirements arising from assistance agreements entered into by and between the authority and the governmental agencies, and thereby assure the financial integrity of the authority, and the prompt payment of principal of and interest on revenue bonds and notes issued by the authority, the authority *may* [~~is specifically authorized~~], *if* [~~in the event~~] any governmental agency which is a party to an assistance agreement fails to promptly and duly perform all of the terms and conditions of *the* [~~such~~] assistance agreement, to directly impose, in the authority's name and for the authority's benefit, service charges upon all users of the *infrastructure* [~~eligible~~] project constructed pursuant to *the* [~~such~~] assistance agreement, and to proceed to directly enforce and collect *the* [~~such~~] service charges, together with all necessary costs of *the* [~~such~~] enforcement and collection, in the name of the authority and for the benefit of the authority.

(2) In addition to the powers conferred by subsection (1) of this section, the authority may, upon the occurrence of any [~~such~~] event of default by *the* [~~such~~] governmental agencies, mandatorily require the owner, tenant, or occupant of each and every lot or parcel of land which abuts upon a street or other public way containing a sanitary sewer *or drinking water facility*, and upon which lot or parcel of land an improvement exists for residential, commercial, or industrial use, or where a sanitary sewer *or drinking water facility* is reasonably available to serve *the* [~~such~~] improved lot or parcel of land, to forthwith connect *the* [~~such~~] improvement to *the* [~~such~~] sanitary sewer *or drinking water facility*[~~;~~] and to cease to use any other means for the disposal of sewage, sewage waste, or other pollutants.

(3) In the implementation of *its* [~~such~~] enforcement authority, the authority shall have and possess all of the powers of incorporated municipalities which are granted by KRS 96.930 to 96.943, providing for the termination of water services to any premises where the bill for sewer services is delinquent.

(4) The authority *may* [~~is further expressly authorized and empowered~~] by suit, action, mandamus, or other proceedings, [~~to~~] compel performance by governmental agencies of all of the terms and conditions of assistance agreements, including, inter alia, the adjustment and increase of service charges as required to meet the needs of any assistance agreement, and the enforcement and collection of *the* [~~such~~] service charges.

For such purposes, the terms "city" and "county" as used in KRS 103.246 shall also mean and refer to the Kentucky *infrastructure* [~~pollution abatement and water resources finance~~] authority.

(2) The authority may enter into *the* [~~such~~] agreements with the United States small business administration as shall be necessary in connection with the financing of pollution control facilities in order to provide for the guarantee of bonds or notes of the Kentucky *infrastructure* [~~pollution abatement and water resources finance~~] authority by the United States small business administration.

(3) The authority granted to the Kentucky *infrastructure* [~~pollution abatement and water resources finance~~] authority by this section shall not include the power to acquire property, rights of way or easements by condemnation.

HB 310, AN ACT relating to dams and reservoirs.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 151.110 is amended to read as follows:

(1) The conservation, development and proper use of the water resources of the Commonwealth of Kentucky have become of vital importance as a result of population expansion and concentration, industrial growth, technological advances and an ever increasing demand for water for varied industrial, municipal and recreational uses. It is recognized by the general assembly that excessive rainfall during certain seasons of the year causes damage from overflowing streams. However, prolonged droughts at other seasons curtail industrial, municipal, agricultural and recreational uses of water and seriously threaten the continued growth and economic well-being of the Commonwealth. The advancement of the safety, happiness and welfare of the people and the protection of property require that the power inherent in the people be utilized to promote

and to regulate the conservation, development and most beneficial use of the water resources. It is hereby declared that the general welfare requires that the water resources of the Commonwealth be put to the beneficial use to the fullest extent of which they are capable, that the waste or nonbeneficial use of water be prevented, and that the conservation and beneficial use of water be exercised in the interest of the people. Therefore, it is declared the policy of the Commonwealth to actively encourage and to provide financial, technical or other support for projects that will control and store our water resources in order that the continued growth and development of the Commonwealth might be assured. To that end, it is declared to be the purpose of KRS chapters 146, 149, 151, 224, 262 and 350.029 and 433.750 to 433.757 for the Commonwealth to permit, regulate, and participate in the construction or financing of facilities to store surplus surface water for future use; to conserve and develop the ground water resources of the Commonwealth; to protect the rights of all persons equitably and reasonably interested in the use and availability of water; to prohibit the pollution of water resources and to maintain the normal flow of all streams so that the proper quantity and quality of water will be available at all times to the people of the Commonwealth; to provide for the adequate disposition of water among the people of the Commonwealth entitled to its use during severe droughts or times of emergency; to prevent harmful overflows and flooding; to regulate the construction, maintenance and operation of all dams and other barriers of streams; to prevent the obstruction of streams and floodways by the dumping of substances therein; to keep accurate records on the amount of water withdrawal from streams and watercourses and reasonably regulate the amount of withdrawal of public water; and to engage in other activities as may be necessary to conserve and develop the water resources of the Commonwealth of Kentucky.

(2) Furthermore, it is also the declared policy of the Commonwealth to conserve as working water resource developments those dams and reservoirs constructed in the Commonwealth prior to 1966, and the rules and administrative regulations to carry out the purposes of this chapter or other applicable water resources statutes shall reflect that policy.

Section 2. KRS 151.125 is amended to read as follows:

The secretary shall exercise the following authority and powers:

(1) To administer and enforce the provisions of this chapter and all rules and regulations and orders promulgated thereunder;

(2) To conduct or obtain investigations, research, experiments, training programs and demonstrations, and to collect and disseminate information relating to the safe construction, operation, or maintenance of dams and reservoirs;

(3) To adopt, after giving public notice and affording an opportunity to all interested persons to appear and offer evidence at a public hearing in connection therewith, general rules and regulations for flood control and water resources which he deems necessary to accomplish the purposes of this chapter. Such rules and regulations, which shall have the force and effect of law, shall be of uniform application as far as practicable, but they may take proper account of differences in topography, geology, soil conditions, climate, hydrology, *age of dam, size of reservoir,* and use of the reservoir and the lands lying in the floodplain downstream from the dam; *however,*

(a) Once a dam or reservoir has been constructed, the person who is the owner of the structure shall not be required by the cabinet to upgrade that structure to a higher classification, if adjoining or other downstream property owners choose to develop the floodplain downstream from that dam or reservoir; and

(b) The hydrologic criteria for the spillways and freeboard of dams built before 1966 shall be based on the five hundred (500) year design storm figures extrapolated from figures published in technical paper number forty (40), rainfall frequency atlas of the United States weather bureau, U.S. department of commerce;

(4) To adopt, without notice or hearing, rules and regulations with respect to procedural aspects of hearings, the filing of reports and orders, the issuance of certificates of inspection, construction permits, water withdrawal permits, and other procedural matters;

(5) To issue orders requiring the adoption by an owner of remedial measures necessary for the safety of life, or public or private property, or for carrying out the provisions of this chapter, or rules and regulations issued thereunder;

(6) To examine and approve or disapprove applications for construction permits for the construction,

enlargement, repair, or alteration of a dam;

(7) To establish standards for the safe construction, enlargement, repair, alteration, maintenance, or operation of a dam or reservoir. Such standards shall be issued in the form of regulations as described in subsection (3) of this section;

(8) To make such investigations or inspections as necessary to determine the condition of a dam to insure compliance with any provisions of this chapter, including the right to enter at any time upon an area affected for such purposes and the right of ingress and egress across intervening properties;

(9) To order the suspension or revocation, after warning, of any certificate of inspection, construction permit, or water withdrawal permit for failure to comply with any of the provisions of this chapter or with any rules, regulations or orders adopted pursuant thereto, or with any of the conditions contained in or attached to the certificate of inspection, construction permits, or water withdrawal permits;

(10) To order the immediate cessation of any act that is started or continued without a construction permit or water withdrawal permit as required by the provisions of this chapter.

(11) To institute and prosecute all such court actions as may be necessary to obtain the enforcement of any order issued by the department in carrying out the provisions of this chapter.

The Committee Substitute to **HB 310** is as follows:

Section 2. KRS 151.293 is amended to read as follows:

(1) Within sixty (60) days of completion of an on-site inspection of an existing dam the cabinet may either grant a certificate of inspection, or deny the certificate of inspection and notify the owner in writing, stating the reasons for denial.

(2) In deciding whether or not a certificate of inspection should be issued, the cabinet shall take into account all pertinent facts and conditions, but shall not issue a certificate unless the following conditions have been met:

(a) The proposed action in the judgment of the cabinet will be conducted in such a way that the safety of the public is adequately provided for;

(b) All information requested by the cabinet has been provided; and

(c) The changed flow of the stream or level of the reservoir will not significantly interfere with a beneficial use by other water users.

(3) In granting a certificate of inspection, the cabinet may impose such conditions relating to the inspection, operation, maintenance, alteration, repair, use, or control of a dam or reservoir as it determines are necessary for the protection of public health, safety or welfare.

(4) The cabinet may establish hazard categories for dams based on downstream floodplain use, size, or type of dam, or other criteria, and may impose different conditions or types of conditions on the approval of dams or reservoirs in the different categories. *The hazard categories in all cases shall be based only on the actual risk imposed by the dam.*

(5) The cabinet may utilize the results and information provided by or for the United States army corps of engineers pursuant to the provisions of Public Law 92-367 if the information is not more than one (1) year old at the time of use.

(6) Certificates of inspection shall be for a definite period of time, not to exceed five (5) years, as determined by the cabinet and stated on the certificate. In determining the period of inspection, the cabinet may take account of any circumstances pertinent to the situation, including, but not limited to, the size and type of dam, topography, geology, soil conditions, hydrology, climate, use of the reservoir, the lands lying in the floodplain downstream from the dam, and the hazard category of the dam.

(7) The cabinet may modify a certificate of inspection or the conditions attached to it. Such modification shall become effective ninety (90) days following issuance by the cabinet of a revised certificate, except when the cabinet finds that a state of emergency exists and that life or property would be endangered by delay. In case of an emergency declared by the cabinet, the new conditions shall be effective immediately.

(8) Specific guidelines for issuance and renewal of certificate of inspection *for earth embankment dams* shall be provided by *administrative* regulations *which shall address at least the following areas:*

(a) The hydraulic capacity requirements for each category of dam shall be provided. The probable maximum precipitation as determined by the U.S. weather service shall be used only where it can be clearly demonstrated that failure of the dam by overtopping would result in greater loss of life than would occur if the dam did not exist and only for small watersheds, since such large rainfall events are not expected to occur over large areas. The cabinet shall provide a table of factors that reduce this rainfall appropriately for larger watersheds;

(b) Minimum criteria for the embankment stability of the dam, including consideration of such factors as steepness of slopes, strength of materials, and earthquake loadings shall be specified;

(c) Variance procedures for applicable hydraulic and stability considerations shall be included for, but not limited to, variances to hydraulic criteria where only a small number of persons are at risk and where a reliable, effective emergency preparedness system will be installed; where a risk analysis demonstrates that at rainfall levels less than that specified in the administrative regulation there is no risk that actually results from the dam; where an owner can demonstrate that the dam substantially conforms to the criteria in the administrative regulation; and, for dams that pose a risk of economic damages only, where the owner provides indemnification against potential damages;

(d) Before any variance is issued, the affected public shall be notified of the cabinet's intended action and allowed to make known any objections or concerns that it might have;

(e) Whenever the owner of a dam has requested a variance and the request has not been granted or has not been granted in the manner requested, the owner or aggrieved party may petition the cabinet to have the variance request and the cabinet's preliminary decision on it reviewed by an unbiased, three-person panel of qualified experts to be named by the environmental quality commission in consultation with the Kentucky water research institute. The panel shall make non-binding recommendations to the cabinet with regard to these matters. After reviewing the recommendations, the cabinet will make a final determination on the variance. If not satisfied by the finding of the panel or the determination of the cabinet, the party may seek administrative remedy from the cabinet under the provisions of KRS 151.182;

(f) Items of general maintenance of a dam shall include provisions for at least the following: dams shall be mowed regularly; dams shall be free of trees and brush; animal burrows shall not be allowed on dams; slides, erosion and cracks that could pose problems to dams shall be properly repaired; action shall be taken to alleviate excessive wetness and abnormal seepage; appurtenances that are necessary for the proper operation and maintenance of the dam shall be kept in proper working condition;

(g) Provisions shall be made whereby the cabinet will allow for staged renovation of dams that do not meet the criteria of the regulations and shall clearly identify the circumstances under which staging is allowable and set a maximum time limit that may be allowed for bringing the dam into compliance. Other provisions shall require the owner to develop and maintain an emergency action plan, to provide interim insurance, bonding or other indemnification, and on a frequent basis as specified by the cabinet, to inspect the dam and report to the cabinet the status of any facilities or conditions of concern; and

(h) If the cabinet has previously required a dam to be upgraded to meet a certain dam safety standard, it shall not require that the dam be upgraded again because of a change in the administrative regulation with regard to that same standard. However, if the owner proposes substantial construction on the dam or if the dam must be repaired due to indications of distress or to partial failure, the cabinet may require the owner to bring the dam into full compliance with current standards.

(9) *The cabinet shall establish guidelines on a case-by-case basis for gravity dams and other types of dams that are unusual to the Commonwealth, and shall follow recognized engineering practice.*

(10) Plans and specifications submitted to the cabinet shall be the responsibility of and signed by an engineer licensed by the Commonwealth and experienced in the design and construction of dams, as determined by the cabinet.

HB 500, AN ACT relating to surface coal miners.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 351.128 TO 351.130 IS CREATED TO READ AS FOLLOWS:

Surface coal miners shall receive the same first-aid training as provided to underground coal miners.

The Committee Substitute to **HB 500** is as follows:

HB 500, AN ACT relating to surface coal miners.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 351.128 TO 351.130 IS CREATED TO READ AS FOLLOWS:

(1) All surface coal miners shall receive instruction in first-aid methods and be certified by the commissioner as having completed a course of such instruction before being employed at or on any surface coal mining operation. The commissioner shall certify all such surface coal miners who complete ten (10) hours of instruction in first-aid techniques and equipment.

(2) In order to retain such certification, all surface coal miners shall thereafter annually complete five (5) hours of retraining in first-aid techniques and equipment.

HB 673, AN ACT relating to surface and underground mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 351.175 is amended to read as follows:

(1) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, or lessee of each mine shall procure from the department a license to operate such a mine, and such license shall not be transferable. Any owner, operator, or lessee who assumes control of a mine, opens a new mine or reopens an abandoned mine during any calendar year shall procure such license before mining operations are begun.

(2) The license shall be in such printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(3) Requests for such license shall be made to the department and such requests shall be accompanied by a U.S. postal money order or cashier's check drawn in favor of the state treasurer in a reasonable amount established by regulations promulgated by the commissioner of a minimum of one hundred dollars ($100) and a maximum of one thousand dollars ($1,000). When the annual report of the operator and the annual mine map, as required by KRS 351.170 and 352.450, together with a certification from the commissioner of the department of workers' claims that the applicant for license has presented positive proof of compliance with the provisions of KRS Chapter 342, are properly submitted to the department, the license shall be issued. The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to exceed an additional forty-five (45) days. Upon receipt of withdrawal of the certification of the commissioner of the department of workers' claims, or upon receipt of notice from the secretary of revenue that the licensee is a "delinquent taxpayer," as defined in KRS Chapter 131, the department shall forthwith revoke any license hereunder issued. Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(5) The department shall be authorized to seek injunctive relief for any violation of this section.

(6) [~~The application for a license shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the bureau of vehicle regulation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.~~

~~(7)~~] A license which has been revoked under the "delinquent taxpayer" provision shall not be re-issued until a written tax clearance has been received from the secretary of revenue.

(7)[~~(8)~~] No mine underlying a cemetery shall be licensed by the commissioner unless two-thirds (2/3) of the governing body of that cemetery vote in approval of the operation. The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 2. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight (8) month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) ten percent (10%) or more of any class of voting stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, Public Law 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three (3) year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to thet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet

meeting the requirements of paragraphs (a) to (i) of this subsection. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners of the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(11) [~~The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.~~

~~(12)~~] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(12)[~~(13)~~] The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(13)[~~(14)~~] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.

(14)[~~(15)~~] Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the cabinet shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the cabinet require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(15)[~~(16)~~] The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require, for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.

(16)[~~(17)~~] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(17)[~~(18)~~] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(18)[~~(19)~~] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(19)[~~(20)~~] Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(20)[~~(21)~~] Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(21)[~~(22)~~] All operations involving the loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

The Committee Substitute to **HB 673** is as follows:

HB 673, AN ACT relating to surface and underground mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 351.175 is amended to read as follows:

(1) Within forty-five (45) days after January 1, 1953, and of each year thereafter, the owner, operator, or lessee of each mine shall procure from the department a license to operate such a mine, and such license shall not be transferable. Any owner, operator, or lessee who assumes control of a mine, opens a new mine or reopens an abandoned mine during any calendar year shall procure such license before mining operations are begun.

(2) The license shall be in such printed form as the commissioner may prescribe and when issued shall be kept posted at a conspicuous place near the main entrance of the mine.

(3) Requests for such license shall be made to the department and such requests shall be accompanied by a U.S. postal money order or cashier's check drawn in favor of the state treasurer in a reasonable amount established by regulations promulgated by the commissioner of a minimum of one hundred dollars ($100) and a maximum of one thousand dollars ($1,000). When the annual report of the operator and the annual mine map, as required by KRS 351.170 and 352.450, together with a certification from the commissioner of the department of workers' claims that the applicant for license has presented positive proof of compliance with the provisions of KRS Chapter 342, are properly submitted to the department, the license shall be issued. The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to exceed an additional forty-five (45) days. Upon receipt of withdrawal of the certification of the commissioner of the department of workers' claims, or upon receipt of notice from the secretary of revenue that the licensee is a "delinquent taxpayer," as defined in KRS Chapter 131, the department shall forthwith revoke any license hereunder issued. Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(5) The department shall be authorized to seek injunctive relief for any violation of this section.

(6) The application for a license shall be accompanied by a transportation plan [~~which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals~~]. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. [~~The transportation plan shall contain a certification by a duly authorized official of the bureau of vehicle regulation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges~~].

(7) A license which has been revoked under the "delinquent taxpayer" provision shall not be re-issued until a written tax clearance has been received from the secretary of revenue.

(8) No mine underlying a cemetery shall be licensed by the commissioner unless two-thirds (2/3) of the governing body of that cemetery vote in approval of the operation. The application for a license shall contain an affidavit setting forth the approval of the cemetery's governing body. This subsection applies only to those cemeteries with governing bodies.

Section 2. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight (8) month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the

most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) ten percent (10%) or more of any class of voting stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, Public Law 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three (3) year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant

and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet meeting the requirements of paragraphs (a) to (i) of this subsection. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners of the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(11) [~~The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.~~

~~(12)~~] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(12)[~~(13)~~] The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(13)[~~(14)~~] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.

(14)[~~(15)~~] Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the cabinet shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the cabinet require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(15)[~~(16)~~] The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require, for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.

(16)[~~(17)~~] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(17)[~~(18)~~] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(18)[~~(19)~~] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(19)[~~(20)~~] Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(20)[~~(21)~~] Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(21)[~~(22)~~] All operations involving the loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

SECTION 3. A NEW SECTION OF KRS CHAPTER 177 IS CREATED TO READ AS FOLLOWS:

All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

Section 4. KRS 177.990 is amended to read as follows:

(1) Any person who violates any of the provisions of KRS 177.230 to 177.310 shall be guilty of a misdemeanor

and upon arrest and conviction therefor, shall be punished by a fine of not less than five dollars ($5.00) nor more than one hundred dollars ($100) or by imprisonment in the city or county jail for not less than five (5) days nor more than ninety (90) days, or by both such fine and imprisonment.

(2) Any person who willfully violates any of the provisions of KRS 177.841 to 177.890 shall, in addition to any other penalty herein provided, be fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500).

(3) In addition to any other penalty provided by KRS 177.910 to 177.950, any person violating any order or provision of KRS 177.910 to 177.950 shall be guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than one hundred dollars ($100) and not more than one thousand dollars ($1,000). Each day of violation of the provisions of KRS 177.910 to 177.950 shall constitute a separate offense.

(4) Any person who violates the weight provisions of KRS 177.9771 shall, upon conviction, be fined in an amount equal to three cents (3) per pound when the excess is three thousand (3,000) pounds or less, five cents (5) per pound when the excess exceeds three thousand (3,000) pounds but is less than four thousand (4,000) pounds, seven cents (7) per pound when the excess exceeds four thousand (4,000) pounds but is less than five thousand (5,000) pounds, and nine cents (9) per pound when the excess exceeds five thousand (5,000) pounds. In no case shall the fine be less than sixty dollars ($60) nor more than five hundred dollars ($500).

(5) Any person who transports coal in violation of the weight provisions of KRS 189.221 and 189.222 and does not have a current decal or is not transporting coal under a valid cooperative agreement within KRS 177.9771(4)(f), shall, in addition to any applicable penalty prescribed by law, be fined five hundred dollars ($500) and be required to purchase the decal described in KRS 177.9771(4).

(6) Any person who violates the provisions of Section 3 of this Act shall be fined not less than twenty dollars ($20) nor more than one hundred dollars ($100) for each offense.

(a) Permits to discharge into any waters of the Commonwealth, and for the installation, alteration, expansion, or operation of any sewage system; however, the cabinet may refuse to issue such permits to any person, or any partnership, corporation, etc. of which such person owns more than ten percent (10%) interest, who has improperly constructed, operated or maintained a sewage system willfully, through negligence, or because of lack of proper knowledge or qualifications until such time as that person demonstrates proper qualifications to the cabinet and provides the cabinet with a performance bond;

(b) Permits for the installation, alteration, or use of any machine, equipment, device or other article that may cause or contribute to air pollution or is intended primarily to prevent or control the emission of air pollution; or

(c) Permits for the establishment or construction and the operation or maintenance of waste disposal sites and facilities.

(20) May establish, by regulation, a fee or schedule of fees for the cost of processing applications for permits authorized by this chapter, and for the cost of processing applications for exemptions or partial exemptions which may include but not be limited to the administrative costs of a hearing held as a result

(a) A description of current hazardous waste management practices and costs, including treatment and disposal, within the Commonwealth;

(b) An inventory and description of all existing facilities where hazardous waste is being generated, treated, recycled, stored, or disposed of, including an inventory of the deficiencies of present facilities in meeting current hazardous waste management needs and a statement of the ability of present hazardous waste management facilities to comply with state and federal laws relating to hazardous waste;

HB 929, AN ACT relating to coal mining regulations.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.020 is amended to read as follows:

The general assembly finds that the Commonwealth is the leading producer of coal and that the production of coal in Kentucky contributes significantly to the nation's energy needs. The general assembly further finds that unregulated surface coal mining operations cause soil erosion, damage from rolling stones and overburden, landslides, stream pollution, the accumulation of stagnant water and the seepage of contaminated water, increase the likelihood of floods, destroy the value of land for agricultural purposes, destroy aesthetic values, counteract efforts for the conservation of soil, water and other natural resources, destroy or impair the property rights of citizens, create fire hazards, and in general create hazards dangerous to life and property, so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth. The general assembly further finds that lands that have been subjected to surface coal mining operations and have not been reclaimed and rehabilitated in accordance with modern standards constitute the aforementioned perils to the welfare of the Commonwealth. The general assembly further finds that there are wide variations in the circumstances and conditions surrounding and arising out of surface coal mining operations due primarily to difference in topographical and geological conditions, and by reason thereof it is necessary, in order to provide the most effective, beneficial and equitable solution to the problem, that a broad discretion be vested in the authority designated to administer and enforce the regulatory provisions enacted by the general assembly. The general assembly further finds that [~~primary~~] governmental responsibility for regulating surface coal mining operations rests with state government and hereby directs the natural resources and environmental protection cabinet to take all actions necessary to preserve and exercise the Commonwealth's [~~primary~~] authority, *to the exclusion of all other governmental entities except the Commonwealth and agencies thereof,* in regulating surface coal mining operations. Therefore, it is the purpose of this chapter to provide such regulation and control of surface coal mining operations as to minimize or prevent injurious effects on the people and resources of the Commonwealth. To that end, the department is directed to rigidly enforce this chapter and to adopt whatever regulations are found necessary to accomplish the purpose of this chapter.

The Committee Amendment No. 1 to **HB 929** is as follows:

Amend printed copy of **HB 929** on page 2, line 17, after "*thereof*" by adding: "*and with the exception of provisions of KRS Chapter 100,*"

HB 930, AN ACT relating to hazardous waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first notifying the cabinet and obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste site or facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5), except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) to (4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant; and

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility [~~and until termination~~]. *Upon receipt by the cabinet of a certified statement from the owner or operator and an independent registered professional engineer that final closure has been completed in accordance with the approved plan, the cabinet shall, within sixty (60) days, notify the owner or operator that he no longer needs to maintain liability coverage to satisfy claims arising out of injury to persons or property unless the cabinet believes closure has not been in accordance with the approved closure plan.* The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

The Committee Substitute to **HB 930** is as follows:

HB 930, AN ACT relating to hazardous waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first notifying the cabinet and obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste site or facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5), except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) to (4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant; and

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility [~~and until termination~~]. *The requirement of this subsection to maintain continuous liability coverage for sudden and nonsudden occurrences for a unit or facility shall cease one (1) year after receipt of notification that the cabinet has determined the requirements of the approved closure plan have been met for that unit or facility. In addition, the cabinet shall require a demonstration of financial responsibility for sudden and nonsudden occurrences in an amount commensurate with the risk (and not to exceed the limits set forth in this subsection) to satisfy claims arising out of injury to persons or property resulting from the release or escape of hazardous waste to the environment for a period commensurate with the commencement of any corrective measures taken under a corrective action plan and for one (1) year after completion of such measures.* The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who

obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

Amend printed copy of **HB 719** on page 24, after line 10, by adding the following:

Section 11. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget on forms prescribed and furnished by the state board of education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the department of revenue of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) (a) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in [~~subsection (1) of~~] KRS 157.564 *or KRS 157.575*. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in subsection (1) of KRS 157.564 *or KRS 157.575.*

(b) In the event that an election is held as provided for in KRS 132.017 and the question should fail, such failure shall not reduce the ". . .general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year. . .," referred to in subsection (2)(a) of this section, for purposes of computing the general tax rate, voted general tax rate, or voted building tax rate for succeeding years.

In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010[~~, except as provided in subsection (1) of KRS 157.564,~~] until the district board of education has complied with the provisions of subsection (10) of this section*; except as follows:*

(a) Except as provided in KRS 157.564; or

(b) Except as provided in KRS 157.575; and

(c) Except if a school district did not levy the maximum tax rate certified for KRS 157.440, 160.470 and/or KRS 160.477. During school year 1978-79, the amount of the tax rate not levied for 1978-79 shall be added

to the tax rates certified by the superintendent of public instruction for the 1988-89 school year.

(4) The superintendent of public instruction shall certify to each district board of education, by June 30 of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate, voted general tax rate, or voted building tax rate, and the amount of revenue expected to be produced by each;

(c) The general tax rate, voted general tax rate, or voted building tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, and the amount of revenue expected to be produced by each.

(5) Upon completion of action on property assessment data the department of revenue shall submit to the superintendent of public instruction, certified property assessment data as required in KRS 133.125.

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or

(b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300 and KRS 58.010 to 58.140, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval.

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

The hearing shall be held in the principal office of the taxing district, or, in the event the taxing district has no office, or the office is not suitable for such a hearing, the hearing shall be held in a suitable facility as near as possible to the geographic center of the district.

7. The purpose of the hearing; and

8. A statement to the effect that the general assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

(11) (a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in subsection (1) of KRS 157.564, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be subject to a recall vote or reconsideration by the district board of education, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

Upon the conclusion of the evidence and arguments, the judge shall give the jury appropriate instructions, and the jury shall retire to determine whether any mitigating or aggravating circumstances, as defined in subsection (2) of this section, exist and to recommend a sentence for the defendant. 5. The offense of murder was committed by a person who was a prisoner and the victim was a prison employe engaged at the time of the act in the performance of his duties;

(b) Mitigating circumstances:

8. The youth of the defendant at the time of the crime.

(3) The instructions as determined by the trial judge to be warranted by the evidence or as required by KRS 532.030(4) shall be given in charge and in writing to the jury for its deliberation. The jury, if its verdict be a recommendation of death, or imprisonment for life without benefit of probation or parole until the defendant has served a minimum of twenty-five (25) years of his sentence, shall designate in writing, signed by the foreman of the jury, the aggravating circumstance or circumstances which it found beyond a reasonable doubt. HB 688, AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.122 is amended to read as follows:

(1) (a) For the purpose of funding and pre-funding the liabilities of the special fund, financing the administration and operation of the division of special fund, financing the administration and operation of the Kentucky workers' compensation funding commission, and, financing the expenditures for all programs in the labor cabinet except the division of employment standards and mediation and the office of labor-management relations, as reflected in the enacted budget of the Commonwealth enacted by the general assembly, a special fund assessment at the rate of twenty-three and three-tenths percent (23.3%) is hereby imposed upon the amount of workers' compensation premiums received on and after November 1, 1987, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4) and there is hereby imposed on and after November 1, 1987, a special fund assessment at the rate of twenty-three and three-tenths percent (23.3%) against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

(b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional special fund assessment at the rate of forty percent (40%) is hereby imposed upon the amount of workers' compensation premiums received on and after November 1, 1987, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4), from employers engaged in the severance or processing of coal. Likewise, on and after November 1, 1987, an additional assessment at the rate of forty percent (40%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his own risk.

(c) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on such premiums.

(2) On October 31, 1988, and each October 31, thereafter, the funding commission shall determine the amount of premiums reported and assessments imposed in subsection (1) of this section for such past period as appropriate. If the funding commission determines that the special fund assessment rate imposed to produce seventy million dollars ($70,000,000) or the additional special fund assessment rate imposed to produce forty million dollars ($40,000,000) are likely to produce more or less than seventy million dollars ($70,000,000) or forty million dollars ($40,000,000) during the next annual period, the commission shall, based upon such determination, calculate such adjustments to each rate as shall be necessary to provide seventy million dollars ($70,000,000) and forty million dollars ($40,000,000) respectively during the next annual period beginning on April 1 of each year. On or before March 1 of each year, the commission shall notify each insurance company writing workers' compensation insurance in the Commonwealth, every group of self-insurers, and each employer carrying his own risk of the adjusted rates which shall become effective on April 1, of each

year, unless modified by the general assembly.

(3) All assessments imposed by this section shall be paid to the Kentucky workers' compensation funding commission and shall be credited to the benefit reserve fund within the Kentucky workers' compensation funding commission.

(4) Such assessments shall be paid quarterly not later than the thirtieth (30th) day of the month following the end of the quarter in which the premium is received. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(5) The assessments herein imposed may be collected by the insurance carrier from his insured, provided however, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. *If the insurance carrier collects the assessment from an insured, such assessment shall be collected on a quarterly basis. However, if the premium is collected from an insured in three (3) or more installments, the assessment shall also be collected from the insured in three (3) or more equal installments.* Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages in effect at the time the statement of the premium is sent to the insured.

(6) The funding commission, as part of the collection and auditing of the special fund assessments required herein, shall annually require each insurance carrier and each group self-insurer to provide a list of employers which it has insured or which are members and the amount collected from each such employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or group self-insurer may require its insureds or members to furnish the SIC code for each of their employes, provided however, the failure of any employer to furnish said codes shall not relieve the insurance carrier or group self-insurer from the obligation to furnish same to the funding commission. The division of unemployment insurance is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(7) Each self-insured employer, group self-insurer or insurance carrier shall provide any information and submit any reports the revenue cabinet or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(8) The special fund shall be required to maintain a central claim registry of all claims to which it is named a party giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. Such registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund.

(9) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

Section 2. The provisions of this Act shall apply to all policies written or renewed after the effective date of this Act.

The Committee Substitute to **HB 688** is as follows:

(5) The assessments herein imposed may be collected by the insurance carrier from his insured, provided however, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. *If the insurance carrier collects the assessment from an insured, such assessment shall be collected at the same time and in the same proportion as the premium is collected.* Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages in effect at the time the statement of the premium is sent to the insured.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS 91A.080 IS REPEALED, REENACTED AND AMENDED TO READ AS FOLLOWS:

(1) The legislative body of each city or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective January 1 or July 1 of each year on a prospective basis only and shall file with the commissioner of insurance at least sixty (60) days prior to the effective date, a copy of all ordinances and amendments thereto which impose any such license fee or tax. The commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those cities or urban-county governments which have elected to impose such license fees or taxes and the current amount of such license fee or rate of tax.

(2) Any license fee or tax imposed by such a city or urban-county government upon an insurance company with respect to life insurance policies, may be based upon the first year's premiums, and if so based, shall be applied to the amount of such premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of such city or urban-county government.

(3) Any license fee or tax imposed by such a city or urban-county government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by such company within each calendar quarter on risks located within the corporate limits of the city or urban-county government on those classes of business which such company is authorized to transact, less all premiums returned to policyholders; however, any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employes, or death caused thereby, under the provisions of the worker's compensation act.

(4) The department of insurance shall, by regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting such tax; provided, however, that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the city or urban-county government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection and remittance of the fee or tax and collection fee provided herein, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee herein may be rounded off to the nearest dollar amount.

(5) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by regulations promulgated by the department of insurance.

(6) Upon written request of the legislative body of any city or urban-county government, at the expense of the requesting city or urban-county government, which shall be paid in advance by such city or urban-county government to the department of insurance, the department of insurance shall examine or cause to be examined by contract with qualified auditors the books or records of the insurance companies or agents subject to such fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of such examination shall be reported to such city or urban-county government. Willful failure to properly collect and remit the fee or tax imposed by a city or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(7) The license fees or taxes provided for by subsections (2), and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually by March 31 each insurer shall furnish each city or urban-county government, to which the tax or fee is remitted, with a breakdown of all collections in the preceding calendar year for the following categories of insurance:

(b) Automobile;

(c) Inland marine;

(d) Fire and allied perils;

(e) Health; and

(8) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. Such interest payable to the city or urban-county government is separate of penalties provided for in subsection (6) of this section. No city or urban-county government may impose any penalties other than those provided for in this subsection.

(9) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employes under KRS 18A.225(2) *and 1988 Acts Chapter 5, Section 1*.

HB 862, AN ACT relating to charitable gaming.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 528.010 is amended to read as follows:

The following definitions apply in this chapter unless the context otherwise requires:

(1) "Advancing gambling activity" — A person "advances gambling activity" when, acting other than as a player, he engages in conduct that materially aids any form of gambling activity. Such conduct includes but is not limited to conduct directed toward the establishment of the particular game, contest, scheme, device or activity involved; toward the acquisition or maintenance of premises, paraphernalia, equipment or apparatus therefor; toward the solicitation or inducement of persons to participate therein; toward the actual conduct of the playing phases thereof; toward the arrangement of any of its financial or recording phases or toward any other phase of its operation. A person who gambles at a social game of chance on equal terms with other participants does not otherwise advance gambling activity by performing acts, without remuneration or fee, directed toward the arrangement or facilitation of the game as inviting persons to play, permitting the use of premises therefor and supplying equipment used therein.

(2) "Bookmaking" means advancing gambling activity by unlawfully accepting bets upon the outcome of future contingent events from members of the public as a business.

(3) "Gambling" means staking or risking something of value upon the outcome of a contest, game, gaming scheme or gaming device which is based upon an element of chance, in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome.

(4) "Gambling device" means:

(a) Any so-called slot machine or any other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and which when operated may deliver, as a result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property; or

(b) Any other machine or any mechanical or other device (including but not limited to roulette wheels, gambling tables and similar devices) designed and manufactured primarily for use in connection with gambling and which when operated may deliver, as the result of the application of an element of chance, any money or property, or by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property.

(c) But, the following are not to be considered gambling devices within this definition:

1. Devices dispensing or selling combination or French pools on licensed, regular racetracks during races on said tracks.

2. 20 years and over	28,360	26,070	23,760	14,850	13,690

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(4) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1988-89 and 1989-90 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for school foundation program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185-day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(4) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $24,151,400 in fiscal year 1988-89 and $25,359,000 in fiscal year 1989-90.

Included in the above appropriations are funds to extend the employment of all vocational agriculture units funded in the school foundation program to two hundred forty (240) days.

The allotment of any school district classroom units, pursuant to KRS 157.360 (1) shall not exceed the number of teachers employed by that school district.

Notwithstanding the provisions of KRS 157.360(2)(b)(c)(e), in fiscal years 1988-89 and 1989-90 the allotments to school districts of basic classroom units for grades one (1) through three (3) shall be made on the basis of one for every twenty-two (22) pupils in average daily attendance, the allotments to school districts for grades four (4) through six (6) shall be made on the basis of one (1) for every twenty-six (26) pupils in average daily attendance; and the allotment for grades seven (7) through twelve (12) shall be made on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1988-89	1989-90
Vocational Education	2,538	2,538
Exceptional Children	4,360	4,360

Provided, however, that if the budgeted units in any category of classroom units—Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration—prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1988-89 and fiscal year 1989-90 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end-of-year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1988-89 and in fiscal year 1989-90 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1988-89 and fiscal year 1989-90 shall be deducted for each exceptional children unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(12) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(12) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1988-90 biennium shall be determined by multiplying the number of classroom units by: $5,272 in the 1988-89 school year and $5,457 in the 1989-90 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1988-89 school year and $1,800 in the 1989-90 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1988-89 and 1989-90 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $86,805,000 in fiscal year 1988-89, and $86,805,000 in fiscal year 1989-90 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370, except that the total of the funds allotted under KRS 157.390(7) shall not exceed $86,805,000 in fiscal year 1988-89 and $86,805,000 in fiscal year 1989-90 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1988-89 and fiscal year 1989-90 are insufficient to provide allotments to local school districts in accordance with KRS 157.370, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

The above appropriation also includes $398,800 in fiscal year 1988-89 and $410,500 in fiscal year 1989-90 for school district audits; and $12,134,800 in fiscal year 1988-89 and $10,700,400 in fiscal year 1989-90 for the purchase of textbooks for grades kindergarten through eight. There is appropriated to the various officers, cabinets, departments, boards, commissions, institutions, subdivisions, and other agencies of the State Government only as are listed herein for the fiscal year ending June 30, 1989, and for the fiscal year ending June 30, 1990, Federal subventions, grants, contracts and other Federal Funds received, income from investments and other miscellaneous Federal receipts received by any of the following agencies of the State Government, except as otherwise specifically provided, for the use and benefit of each of the below-named agencies of the State Government for the purposes for which each fund is authorized. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All Funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS Chapters 12, 42, 45, and 48.

If receipts received and credited to any Federal Fund account during fiscal year 1988-89 or fiscal year 1989-90, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the State Budget Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all Federal Funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1989, and during the fiscal year June 30, 1990, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1988 General Assembly, and statements which explain the occurrence of such variances.

If a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes.

The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. ROAD FUND SURPLUS EXPENDITURE PLAN

Notwithstanding the provisions of KRS 48.140, there is hereby established a plan for the expenditure of Road Fund tax receipts in excess of the tax receipts estimate for the Road Fund as determined by subsection (3) of KRS 48.120. This Road Fund surplus expenditure plan provides for additional moneys for non-recurring expenditures for which an appropriation was not made in this Appropriation Act, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

Whereas Road Fund tax receipts are appropriated based on detailed estimates provided by the Revenue Cabinet in the amount of $633,970,000 in fiscal year 1987-88 and by the Finance and Administration Cabinet in the amount of $673,395,700 in fiscal year 1988-89, therefore the General Assembly does hereby authorize the expenditure of excess receipts up to a maximum of $35,000,000 in fiscal year 1988-89 and $35,000,000 in fiscal year 1989-90 as provided in this Road Fund surplus expenditure plan.

The Secretary of Finance and Administration Cabinet shall determine, after the close of fiscal year 1987-88 and fiscal year 1988-89 based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through the Road Fund surplus expenditure plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Governor in a timely manner.

The Governor is hereby authorized to expend these excess tax receipts, up to the amount reported by the Secretary of the Finance and Administration Cabinet, for the purposes stated herein, subject to the following restrictions. First, the available receipts shall be used for non-recurring State Construction projects or resurfacing of the state highway system, or for equipment or other capital outlay purchases; then, to restore requested fund levels disallowed by the 1988 General Assembly; and then, to match discretionary Federal Aid Highway funds.

ROAD FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130, there is hereby established a plan for the reduction of the Road Fund budget, by budget unit, in the event that projected or actual tax receipts accruing to the Road Fund are at least two and one-half percent (2.5%) but not more than five percent (5%) less than the revenue estimate for this fund as determined under subsection (3) of KRS 48.120.

Whereas Road Fund tax receipts are appropriated for the operation, maintenance and support of the Justice Cabinet and the Transportation Cabinet based on detailed estimates provided by the Finance and Administration Cabinet in the amount of $673,395,700 in fiscal year 1988-89 and $693,671,400 in fiscal year 1989-90, therefore, in the event of an actual or projected deficit in tax receipts accruing to the Road Fund of less than $16,834,900 in fiscal year 1988-89 or $17,341,800 in fiscal year 1989-90, the Governor shall implement budget reductions on the Governor's own initiative, as prescribed in subsection (5) of KRS 48.130.

Whereas Road Fund tax receipts are appropriated for the operation, maintenance, and support of the Justice Cabinet and the Transportation Cabinet based on detailed estimates provided by the Finance and Administration Cabinet in the amount of $673,395,700 in fiscal year 1988-89 and $693,671,400 in fiscal year 1989-90, therefore, in the event that projected or actual tax receipts accruing to the Road Fund are at least $16,834,900 but not more than $33,669,800 less than the revenue estimate in fiscal year 1988-89, or at least

$17,341,800 but not more than $34,683,600 less than the revenue estimate in fiscal year 1989-90, the General Assembly does hereby authorize the implementation of this Road Fund budget reduction plan.

In the event funds that have accrued to the surplus account of the Road Fund are sufficient to meet the deficit, transfers from this surplus account shall be made, as appropriate, and the budget reduction provisions embodied in this Appropriation Act shall not be implemented.

In the event funds that have accrued to the surplus account of the Road Fund are not sufficient to meet the deficit, this Road Fund budget reduction plan shall be implemented and allotments to the budget units shall be reduced to the extent required to meet the deficit. The Governor shall determine the priority of reductions in order to protect the highest possible level of service, with the following restrictions. Allocations required by statutory Road Fund revenue sharing programs shall be adjusted pursuant to the applicable statutes. Appropriations for debt service on general obligation bonds and appropriations for lease rental payments to the Turnpike Authority of Kentucky shall be excluded from the reduction plan.

In the event that the provisions of this Road Fund budget reduction plan are implemented, the reporting procedures established in KRS 48.600 shall be observed.

In the event that Road Fund tax receipts increase over the estimated deficit, then services shall be restor88RSHJ the reverse order of the reduced services.

In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Commerce is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Commerce. The criteria shall include but not be limited to such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriation act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Commerce Cabinet to the next regularly scheduled Capital Construction and Equipment Purchase Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, Fire and Life Safety, and Asbestos Litigation and Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Committee. All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1988, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177, and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation and legislative and executive records.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal funds shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1988 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1988 General Assembly as well as other acts which provide appropriations for the 1988-90 biennium and based upon supporting documentation and legislative records as considered by the 1988 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight.

The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by Law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. In the event that General Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the General Fund.

9. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

10. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $15,000,000 for fiscal year 1988-89 and $20,000,000 for fiscal year 1989-90 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1988-89 fiscal year or the 1989-90 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall communicate any allotment or expenditure from the Budget Reserve Trust Fund, in writing, to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1988-89 fiscal year shall not lapse, but shall continue into the 1989-90 fiscal year.

11. There is hereby established a General Fund surplus expenditure plan for fiscal year 1988-89 and fiscal year 1989-90, pursuant to KRS 48.140. This plan is for the expenditure of excess General Fund revenue receipts up to two and one-half percent (2.5%) in excess of the revenue receipts estimate for the General Fund as determined by subsection (3) of KRS 48.120.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1987-88 and after the close of fiscal year 1988-89, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess unappropriated receipts available after all allocations required by the Local Government Economic Assistance Fund, pursuant to KRS 42.450, have been adjusted.

The Secretary of the Finance and Administration Cabinet is then hereby authorized, first, to restore the Budget Reserve Trust Fund to its original level of appropriation in the event that appropriations which have been made to the Budget Reserve Trust Fund have been depleted in whole or in part. Second, the Budget Reserve Trust Fund shall be increased by an additional $15,000,000 each fiscal year. Third, notwithstanding the dollar limitations in KRS 45.750-45.800, additional funds may be allotted for nonrecurring capital construction projects and/or major equipment items, in an amount not to exceed $15,000,000, or for feasibility studies approved by the 1988 General Assembly which have been insufficiently funded.

12. The General Assembly recognizes that during fiscal year 1986-87 and fiscal year 1987-88, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made under KRS Chapter 47 by the 1986 General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1986 General Assembly the Secretary of the Finance and Administration Cabinet, as directed by KRS Chapter 47, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made under authority conferred pursuant to KRS Chapter 47 and by various other actions, all as set forth in and provided by Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary

of the Finance and Administration Cabinet, which Orders are permanent records of the Commonwealth, on file with the State Budget Director in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary of the Finance and Administration Cabinet as the General Fund appropriations for fiscal year 1986-87 and fiscal year 1987-88, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund, which sum shall be determined as provided by KRS 42.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary of the Finance and Administration Cabinet, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in Orders 87-462, 87-831, 87-881, and 88-432, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1986-87 and fiscal year 1987-88, and to the extent in conflict therewith the appropriation levels set forth in KRS Chapter 47 shall be read as conforming to the levels of appropriation hereby enacted.

PART VII

1. It is the finding of the General Assembly of the Commonwealth of Kentucky that the financial condition of state government required the following action.

2. Notwithstanding the provisions of KRS 15.755, 15.765, 18A.355, 64.055, 64.480, and 64.485, the salaries of the various state officials for fiscal year 1989 shall be increased by two percent (2%) over fiscal year 1988.

Vocational Education	2,538	2,538
Exceptional Children	4,360	4,360

Provided, however, that if the budgeted units in any category of classroom units—Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration—prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1988-89 and fiscal year 1989-90 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end-of-year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1988-89 and in fiscal year 1989-90 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1988-89 and fiscal year 1989-90 shall be deducted for each exceptional children unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(12) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(12) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1988-90 biennium shall be determined by multiplying the number of classroom units, excluding superintendent units, by: $5,263 in the 1988-89 school year and $5,421 in the 1989-90 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units excluding superintendent units by: $1,800 in the 1988-89 school year and $1,800 in the 1989-90 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1988-89 and

1989-90 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $85,810,000 in fiscal year 1988-89, and $85,810,000 in fiscal year 1989-90 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370, except that the total of the funds allotted under KRS 157.390(7) shall not exceed $85,810,000 in fiscal year 1988-89 and $85,810,000 in fiscal year 1989-90 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1988-89 and fiscal year 1989-90 are insufficient to provide allotments to local school districts in accordance with KRS 157.370, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

FEDERAL FUNDS

There is appropriated to the various officers, cabinets, departments, boards, commissions, institutions, subdivisions, and other agencies of the State Government only as are listed herein for the fiscal year ending

June 30, 1989, and for the fiscal year ending June 30, 1990, Federal subventions, grants, contracts and other Federal Funds received, income from investments and other miscellaneous Federal receipts received by any of the following agencies of the State Government, except as otherwise specifically provided, for the use and benefit of each of the below-named agencies of the State Government for the purposes for which each fund is authorized. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All Funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS Chapters 12, 42, 45, and 48.

If receipts received and credited to any Federal Fund account during fiscal year 1988-89 or fiscal year 1989-90, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the State Budget Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administration Cabinet; provided, however, that institutions of higher education may receive and expend all Federal Funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1989, and during the fiscal year June 30, 1990, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1988 General Assembly, and statements which explain the occurrence of such variances.

If a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet, in consultation with the Interim Joint Committee on Appropriations and Revenue, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

No state agency which shall be entitled to receive federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission.

In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Commerce is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Commerce. The criteria shall include but not be limited to such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriation act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Commerce Cabinet to the next regularly scheduled Capital Construction and Equipment Purchase Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, Fire and Life Safety, and Asbestos Litigation and Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Committee. All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and

Administration Cabinet for capital construction.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1988, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177, and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation and legislative and executive records.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal funds shall lapse to the General Fund to the extent such Federal funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1988 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1988 General Assembly as well as other acts which provide appropriations for the 1988-90 biennium and based upon supporting documentation and legislative records as considered by the 1988 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by Law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund except for the School Facilities Construction Commission. In the event that General Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the General Fund. Funds appropriated to the School Facilities Construction Commission in fiscal year 1988-89 beyond those necessary to meet debt service requirements shall be retained in the account of the School Facilities Construction Commission and reallocated to eligible school districts in fiscal year 1989-90.

9. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However,

in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

10. The General Assembly recognizes that during fiscal year 1986-87 and fiscal year 1987-88, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made under KRS Chapter 47 by the 1986 General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1986 General Assembly the Secretary of the Finance and Administration Cabinet, as directed by KRS Chapter 47, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made under authority conferred pursuant to KRS Chapter 47 and by various other actions, all as set forth in and provided by Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary of the Finance and Administration Cabinet, which Orders are permanent records of the Commonwealth, on file with the State Budget Director in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary of the Finance and Administration Cabinet as the General Fund appropriations for fiscal year 1986-87 and fiscal year 1987-88, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund, which sum shall be determined as provided by KRS 42.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in Orders 87-462, 87-831, 87-881, and 88-432 of the Secretary of the Finance and Administration Cabinet, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in Orders 87-462, 87-831, 87-881, and 88-432, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1986-87 and fiscal year 1987-88, and to the extent in conflict therewith the appropriation levels set forth in KRS Chapter 47 shall be read as conforming to the levels of appropriation hereby enacted.

11. No action shall be taken to alter or reorganize the current governing structure of public higher education in Kentucky which provides for institutional governing boards and a statewide coordinating agency.

12. There is hereby appropriated from the General Fund the sum of $100,000 in each fiscal year for the Legislative Education Planning Commission (**HB 282**).

13. There is appropriated from the General Fund in addition to the sums specified in Part I of this Act the sum of $22,400,000 in fiscal year 1988-89 and $30,700,000 in fiscal year 1989-90 to the Teachers' Retirement System for additional payment of employer contributions for local school district certified personnel, university personnel and Department of Education personnel.

14. There is appropriated from the General Fund the sum of $2,000,000 to the Department of Fish and Wildlife Resources as reimbursement for the funds transferred under Executive Order 88-432. This transfer shall be completed on July 1, 1988.

PART VII

3. For fiscal year 1990, salary increases for state officers shall be computed against the fiscal year 1989 adjusted base mandated in paragraph 2. above.

Pursuant to KRS 48.130, there is hereby established a General Fund Budget Reduction Plan for state government for fiscal year 1988-89 and fiscal year 1989-90. Direct services and obligations essential to the minimum level of constitutional functions are exempted from the requirements of this Plan.

A. In the event of a reduction (revenue shortfall) in the estimated General Fund revenue receipts of $3,277,889,600 for fiscal year 1988-89 and $3,442,357,500 for fiscal year 1989-90, the heads of the Executive, Judicial, and Legislative Branches shall implement reductions for their respective branches in the following sequence:

1. The Local Government Economic Assistance Fund shall be adjusted to equal revised estimates of receipts pursuant to KRS 42.450.

2. Funds available in the General Fund Surplus Account, created by KRS 48.700, shall be applied toward the revenue shortfall.

3. The appropriations to the Budget Reserve Trust Fund shall be applied.

The Committee on Appropriations and Revenue reported **HB 977**, with Committee Amendment No. 1 attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Consent Calendar.

HB 977, AN ACT relating to revenue and taxation information.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 7 IS CREATED TO READ AS FOLLOWS:

(1) The legislative research commission or a subcommittee thereof may require the finance cabinet, or the revenue cabinet, or both, to conduct tax and economic studies.

(2) The legislative research commission or a subcommittee thereof may require the transmittal of information generated by such studies to the commission or a subcommittee in such format as may most easily be utilized by the commission or subcommittee.

(3) Upon written request from the legislative research commission, signed by the director, or from a subcommittee, signed by the chairman, the finance cabinet and the revenue cabinet shall perform the studies required, produce the information required, and transmit the information in the format required to the commission or the subcommittee within the time frame set by the commission or subcommittee, unless an extension of time is granted by the commission or the subcommittee.

(1) No present or former secretary or employe of the revenue cabinet, member of a county board of assessment appeals, property valuation administrator or employe thereof, or any other person, shall divulge any information acquired by him of the affairs of any person, or information regarding the tax schedules, returns or reports required to be filed with the cabinet or other proper officer, or any information produced by a hearing or investigation, insofar as the information may have to do with the affairs of the person's business. This prohibition does not extend to information required in prosecutions for making false reports or returns of property for taxation, or any other infraction of the tax laws, nor does it extend to any matter properly entered upon any assessment record, or in any way made a matter of public record, nor does it preclude furnishing any taxpayer or his properly authorized agent with information respecting his own return. Further, this prohibition does not preclude the secretary or any employe of the revenue cabinet from testifying in any court, or from introducing as evidence returns or reports filed with the cabinet, in an action for violation of state or federal tax laws.

(2) The secretary shall make available any information for official use only and on a confidential basis to the proper officer, board or commission of this state, any Kentucky county, any Kentucky city, any other state, or the federal government, under reciprocal arrangements whereby the cabinet shall receive similar or useful information in return.

(3) *The secretary shall make available any information for official use only and on a confidential basis, with respect to individual taxpayers, to the legislative research commission upon written request of the director thereof, or to a subcommittee thereof upon written request of the chairman and cosigned by the director of the legislative research commission. The information shall be provided within the time frame specified in the request unless an extension is granted by the director of the legislative research commission.*

(4) Statistics of tax-paid gasoline gallonage reported monthly to the revenue cabinet by any licensee under the gasoline excise tax law may be made public by the cabinet.

(5)[~~(4)~~] Notwithstanding the above, information received from the internal revenue service shall not be made available to any other agency of state government, any county, any city, or any other state.

Announcements

The Clerk announced the filing of the following Floor Amendments to Bills and Resolutions:

Floor Amendment No. 1 to **HB 365**, by Representative Northup:

Amend printed copy of **HB 365** on page 1, after line 9, by adding the following:

"Section 2. KRS 161.030 is amended to read as follows:

(1) The certification of all teachers and other school personnel is vested in the state board of education. When so certified, teachers and other school personnel shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the published rules and regulations of the state board of education.

(2) Certificates shall be issued to persons who have completed, at such colleges and universities as have been approved by the state board of education for the preparation of teachers and other school personnel, the curricula prescribed by the Kentucky council on teacher education and certification and approved by the state board of education for the certificates.

(3) Initial certification of all new teachers shall require the successful completion of appropriate written tests prior to certification. The tests shall be selected by the state board of education and shall measure communication skills, general knowledge, professional education concepts and knowledge in the specific teaching field of the applicant. The state board of education shall determine the minimum acceptable level of achievement on each test. The tests shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the tests and the approved teacher preparation program, a certificate valid for one (1) year shall be issued. If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the written tests, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the tests if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the tests. In the event the teacher fails the tests, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the tests shall be established by the state board of education. Provisions shall be made for persons having less than minimum levels of performance on any test to repeat that test, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The department of education shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) All new teachers, and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employe or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. *The internship may be served in a public school or a nonpublic school which has been accredited by the state department of education or a national accrediting association.* Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility and benefits for single salary experience increments. Upon successful completion of the beginning teacher program the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by state board of education regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator from a state-approved teacher training institution to be appointed by the president of that institution. In the event that more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal

who holds certification as a principal. In unusual situations the superintendent of public instruction may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee. (1) Upon receipt of the certified statements from the state board of education as required by KRS 157.620, the commission shall compute the unmet needs of all eligible districts as defined by KRS 157.615;

(2) Assistance to each eligible district shall be determined by computing the ratio of the available state funding to total unmet need statewide. Based on the computed ratio, an equivalent percentage of each eligible district's unmet need will be funded;

(3) Each eligible district which has otherwise complied with the provisions of KRS 157.615 and 157.620 shall be offered sufficient funding to finance construction of the portion of its unmet need computed by applying the ratio determined in subsection (2) of this section to the total unmet need of the district;

Accumulation and retention of credit is contingent upon the transfer of available local revenue to the restricted construction account by June 30 of each year; and

(6)[~~(5)~~] All unused state allocations accumulated according to the provisions of subsection (3) of this section shall be reallocated by the commission. The reallocation shall follow the process and intent as set forth in this section with eligible districts being those districts which contribute unused state allocations to the reallocation account. Any district which has an unused state allocation after funding its first priority project in a biennium is not eligible for consideration for additional funds from the reallocation account. Any funding received and utilized from the reallocation account by a district shall equally reduce the credit as set forth in this section.

(c) Derived from corn, grain or renewable resources that is ground, fermented and distilled by a licensed alcohol producer;

(d) Suitable for use in gasoline-alcohol blends.

SECTION 15. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

(1) (a) For the purpose of assuring adequate, economical, and stable supplies of fuel-grade alcohol for the use and benefits of the residents and motorists in this state; to preserve and stimulate the existing fuel-grade alcohol industry; to develop new markets for Kentucky agricultural commodities; to provide and adequate supply

of environmentally acceptable octane-enhancing fuel components to refiners and gasoline marketers; and to encourage the establishment and growth of new fuel-grade alcohol facilities, the cabinet shall establish and make available from the road fund a fuel-grade alcohol incentive to reimburse a portion of the production costs of licensed alcohol producers.

(b) The cabinet shall participate in reducing the production costs for fuel-grade alcohol by paying a fuel-grade alcohol incentive to licensed alcohol producers for fuel-grade alcohol sold to dealers or suppliers for resale in gasoline-alcohol blends. The fuel-grade alcohol incentive shall be in the amounts specified in subsection (1) (c) of this section. Any incentive shall be reduced by the same amount per gallon as any increase per gallon in the federal excise tax exemption for alcohol fuels to be effective on the date of any increase in the federal excise tax exemption.

(c) The fuel-grade alcohol incentive shall be paid to licensed alcohol producers according to the following schedule:

(i) Fifteen cents 15 per gallon of fuel-grade alcohol sold by a licensed alcohol producer during the period of July 1, 1988, through June 30, 1992;

(ii) The fuel grade alcohol incentive shall not apply to alcohol production from all sources in excess of twenty seven million (27,000,000) gallons per year and the maximum incentive for any one producer shall be limited to twenty million (20,000,000) gallons.

(iii) The fuel-grade alcohol incentive shall expire June 30, 1992;

(c) The producer purchases on hundred (100%) of its requirements for corn and other grains from within this state;

(3) A licensed alcohol producer shall apply annually for participation in the fuel-grade alcohol incentive program established by this section. Application shall be made in the manner and on the forms required by administrative regulations promulgated by the cabinet pursuant of this section. Any application shall include representation that the applicant will meet the requirements of subsection (1) (d) of this section and an estimate of the annual production capacity of the producer's facility in gallons.

(4) The cabinet shall not authorize the participation of a licensed alcohol producer in the fuel-grade alcohol incentive program established by this section unless it has determined to its reasonable satisfaction that: the applicant owns or operates plant facilities which meet or will satisfy, during the annual participation period, the requirements of subsection (1) (d) of this section.

(5) Qualified participants in the fuel-grade alcohol incentive program established by this section shall submit monthly reports to the cabinet of all fuel-grade alcohol sales from its plant facilities occurring during the preceding month. The amount of the fuel-grade alcohol incentive for the month shall be determined by multiplying the number of eligible gallons sold by the appropriate amount prescribed in subsection (1) (c) of this section. The fuel-grade alcohol incentive determined according to the provisions of this Act shall be paid to the qualified participant within thirty (30) days of the filing of the qualified participant's monthly report. If it is determined,

after the qualified participant files its monthly report pursuant to subsection (4) of this section, that the qualified participant's previous report was inaccurate, and appropriate adjustment shall be made in the amount of the incentive payment made to that participant in the subsequent month.

(7) The cabinet shall promulgate administrative regulations as necessary to implement the provisions of this Act.

KRS 136.120 is amended to read as follows:

(1) Every railway company, sleeping car company, chair car company, dining car company, gas company, water company, ferry company, bridge company, street railway company, interurban electric railroad company, express company, electric light company, electric power company, telephone company, telegraph company, commercial air carrier, air freight carrier, *every common or contract carrier by motor vehicle, and every taxicab company,* pipeline company, common carrier water transportation company, privately owned regulated sewer company, cable television company, and every other like company or business performing any public service, except bus line companies, regular and irregular route common carrier trucking companies, and taxicab companies, shall annually pay a tax on its operating property to the state and to the extent such property is liable to taxation shall pay a local tax thereon to the county, incorporated city, and taxing district in which its operating property is located.

(2) The property of such taxpayers shall be classified as operating property, nonoperating tangible property, and nonoperating intangible property. Nonoperating intangible property within the taxing jurisdiction of the Commonwealth shall be taxable for state purposes only at the same rate as the intangible property of other taxpayers not performing public services, and operating property and nonoperating tangible property shall be subject to state and local taxes at the same rate as the tangible property of other taxpayers not performing public services.

(3) The revenue cabinet shall have sole power to value and assess all of the property of every corporation, company, association, partnership, or person performing any public service, including those enumerated above and all others to whom this section may apply, whether or not such operating property, nonoperating tangible property, or nonoperating intangible property has heretofore been assessed by said cabinet, and shall, except as provided in subsection (4) of this section, allocate such assessment as provided by KRS 136.170, and shall certify operating property liable to local taxation and nonoperating tangible property to the counties, cities, and taxing districts as provided in KRS 136.180. All of the property assessed by the cabinet pursuant to this section shall be assessed as of December 31 each year for the following year's taxes, and the lien therefor shall attach as of such assessment date. Provided, however, that in the case of a taxpayer whose business is predominantly nonpublic service and the public service business in which he is engaged is merely incidental to his principal business, the cabinet shall in the exercise of its judgment and discretion determine, from evidence which it may have or obtain, what portion of the operating property is devoted to the public service business subject to assessment by the cabinet under this section and shall require the remainder of the property not so engaged to be assessed by the local taxing authorities.

(4)(a) The revenue cabinet shall likewise have sole power to value and assess all the property within the taxing jurisdiction of this Commonwealth of every passenger, sleeping, freight, and private car company, which is hereby defined as any company, other than a railroad company, which owns, uses, furnishes, leases, rents, or operates to, from, through, in or across this state or any part thereof, any kind of railroad car including but not necessarily limited to flat, tank, refrigerator, passenger, or similar type car, *every common or contract carrier by motor vehicle, and every taxicab company. Notwithstanding the provisions of subsection (1) of this section,* [~~;~~] the cabinet shall not certify the assessment of the rolling stock of such companies to any county, city, or taxing district, but shall apportion and certify the operating property, other than rolling stock, to the counties, cities, and taxing districts where such property is located. On or before November

1, 1984, and each year thereafter, the revenue cabinet shall establish the state tax rate for rolling stock of private car lines based on average tax rate for tangible personal property except motor vehicles, within the Commonwealth subject to state, county, school and applicable city levy. The rolling stock of such companies shall be taxable for state purposes only and shall not be subject to taxation by a county, city, or other taxing district. *Motor vehicles subject to tax under this section shall be registered by the county clerk without the imposition and collection of ad valorem taxes. Such ad valorem taxes as are due on such motor vehicles shall be paid as provided by law.*

(b) The property of taxpayers within the meaning of paragraph (a) of this subsection shall likewise be classified as operating property, nonoperating tangible property, and nonoperating intangible property. The nonoperating intangible property of the companies within the meaning of this subsection which are within the taxing jurisdiction of the Commonwealth shall be taxable for state purposes at the same rate as the intangible property of nonpublic service taxpayers.

(3) Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or upon any part of a state highway within or without the corporate limits of a municipality, said secretary of transportation may determine and establish by official order a reasonable and safe speed limit at such location which shall be effective at all times or during hours of daytime or nighttime, or at such other times as may be determined when appropriate signs giving notice thereof are erected at such intersection or part of the state highway. In no event, however, shall said secretary increase any speed limit established by subsection (2) of this section so as to permit in any instance a speed limit in excess of *fifty-five (55)* [~~sixty (60)~~] miles per hour.

(4) (a) Whenever municipal authorities or the fiscal court of any county determine upon the basis of an engineering and traffic investigation that the speed permitted under subsection (2) of this section is greater or less than is reasonable or safe under the conditions found to exist, at any location within the municipality or unincorporated areas of such county, such municipal authority or fiscal court, subject to paragraph (b) of this subsection, shall determine and authorize by ordinance or order a reasonable and safe speed limit at such location which shall be effective at all times or during hours of daytime or nighttime, or at such times as may be determined when appropriate signs giving notice thereof are appropriately erected at such location. In no event, however, shall said municipal authority or fiscal court increase any speed limit established by subsection (2) of this section so as to permit in any instance a speed limit in excess of *fifty-five (55)* [~~sixty (60)~~] miles per hour.

(b) Alteration of speed limits on state highways within a municipality by municipal authorities or within the unincorporated areas of counties by fiscal courts thereof shall not be effective until such alteration has been approved by the secretary of transportation. In no event shall said secretary approve any alteration which could increase any speed limit established by subsection (2) of this section so as to permit in any instance a speed limit in excess of *fifty-five (55)* [~~sixty (60)~~] miles per hour.

(c) Whenever the fiscal court of any county determines upon the basis of an engineering and traffic investigation and study that it is unsafe to park motor vehicles on or along any highway, other than a state highway, within the unincorporated areas of the county, or that in any business district the congestion of traffic justifies a reasonable limitation on the length of time any one (1) motor vehicle is permitted to park in such district so as to reduce such congestion, then the fiscal court may by order establish "no parking" areas on and along said highway, or limit the length of time any motor vehicle may be parked in any business district, which order or orders shall be effective at all times and during hours of daytime or nighttime and at such other times as may be determined when appropriate signs giving notice thereof are erected at such locations.

(d) Notwithstanding the other limitations in this subsection, the secretary of transportation may establish, by official order, reasonable and safe speed limits on *interstate highways and divided highways with four (4) or more lanes and fully controlled access and located in a non-urbanized area, a speed limit* [~~turnpikes and limited access state highways~~] not to exceed *sixty-five (65)* [~~seventy (70)~~] miles per hour, *except motor carriers required to pay taxes pursuant to KRS 138.660(4) and (5) shall not exceed fifty-five (55) miles per hour.*

(5) No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(6) In every charge for a violation of any speed limit specified in this section or established as herein authorized, the warrant or citation shall specify the speed at which the defendant is alleged to have driven, also the lawful speed limit applicable at the location where the violation is charged to have occurred.

(7) As used in this section, the following words and phrases shall have the meanings respectively ascribed

to them:

(a) "Business district," the territory contiguous to and including a highway when within any 600 feet along such highway there are buildings in use for business or industrial purposes which occupy 300 feet of frontage on one side or 300 feet collectively on both sides of the highway;

(b) "Residential district," the territory contiguous to and including a highway not comprising a business district when the property on such highway for a distance of 300 feet or more is in the main improved with residences or residences and buildings in use for business;

(c) "State highway," a highway or street maintained by the department of highways;

(d) "Nighttime," the period from one-half (1/2) hour after sunset until one-half (1/2) hour before sunrise, and at such other periods as atmospheric conditions render visibility as low as or lower than is ordinarily the case during that period; "daytime" means at any other period.

(8) The signs and notices which the fiscal court is authorized hereby to have erected shall be paid for by the fiscal court out of the county levy.

(a) Width, one hundred two (102) inches, including any part of the body or load;

(b) Weight, twenty thousand (20,000) pounds per single axle, with axles less than forty-two (42) inches apart to be considered as a single axle; thirty-four thousand (34,000) pounds on two (2) axles in tandem arrangement which are spaced forty-two (42) inches or more apart and less than ninety-six (96) inches apart; forty-eight thousand (48,000) pounds on three (3) axles which are spaced forty-two (42) inches or more apart and less than one hundred twenty (120) inches apart. "Section 14. KRS 177.977 is amended to read as follows:

(1) The transportation cabinet shall publish a directory, including supporting maps and other documents, designating the official coal *and natural resource* road system in coal *and natural resource* impact and coal *and natural resource* producing counties which shall include all public highways, roads, bridges and streets over which quantities of coal *and natural resource* sufficient to significantly affect the condition and state of repair of such highways, roads, bridges and streets have been transported in the immediately preceding year. The cabinet shall further publish the total county mileage of the official coal *and natural resource* road system and the total ton-miles within each coal *and natural resource* impact and coal *and natural resource* producing county for said preceding year.

(2) Every person, producer or processor shipping or transporting coal *and natural resource* over the public highways, roads, bridges and streets, shall file with the transportation cabinet such information and at such intervals as the cabinet shall designate by regulation duly adopted for the purpose of identifying those highways, roads, and streets comprising the coal *and natural resource* road system and the quantities of coal *and natural resource* transported thereon, in order that the cabinet can accurately calculate total ton-miles within each coal *and natural resource* impact and coal *and natural resource* producing county. A copy of the information furnished to the natural resources and environmental protection cabinet pursuant to the permitting requirements of KRS Chapter 350 regarding public road transportation plan may, subject to its approval, be submitted to the transportation cabinet to satisfy the reporting requirements of this subsection and such transportation plan shall be annually updated to reflect in route changes.

Section 15. KRS 177.9771 is amended to read as follows:

(1) The "extended weight coal *and natural resource* haul road system" shall consist of public highways over which quantities of coal *as defined by KRS 143.010 and natural resource as defined by KRS 143A.010* in excess of fifty thousand (50,000) tons were transported by motor vehicles during the period from January 1, 1985, through December 31, 1985 and shall be updated annually thereafter.

(2) The secretary of the transportation cabinet shall by official order on or before November 1, of each year, certify such public highways or portions thereof, as fulfill the criteria in subsection (1) of this section, as the extended weight coal *and natural resource* haul road system.

(3) The total tons of coal *and natural resource* transported by motor vehicles over any public highway shall be determined from the official coal *and natural resource* road system transportation report required pursuant to KRS 177.977.

(4) Any vehicle when registered with a declared gross weight of eighty thousand (80,000) pounds and when transporting coal *and natural resource* over public highways which are part of the extended weight coal *and natural resource* haul road system or portions thereof, may be operated at the weights as set forth below in excess of the maximum gross weight prescribed in KRS 189.221 and 189.222 and any other maximum weight limitations on state or county maintained systems by entering into a cooperative agreement as provided in KRS 177.979 or by paying the corresponding decal fee as set forth below:

(a) A single unit truck having one (1) steering axle and two (2) axles in tandem shall be limited to a maximum gross weight of ninety thousand (90,000) pounds with a tolerance of five percent (5%), and pay a decal fee of one hundred sixty dollars ($160) annually;

(b) A single unit truck having one (1) steering axle and three (3) axles in tridem arrangement shall be limited to a maximum gross weight of one hundred thousand (100,000) pounds with a tolerance of five percent (5%), and pay a decal fee of two hundred sixty dollars ($260) annually;

(c) Tractor-semitrailer combinations with five (5) or more axles shall be limited to a maximum gross weight of one hundred twenty thousand (120,000) pounds with a tolerance of five percent (5%), and pay a decal fee of three hundred sixty dollars ($360) annually;

(d) Any motor carrier involved in the transportation of coal *and natural resource* which meets gross axle weights of twenty thousand (20,000) pounds per axle and twelve thousand (12,000) pounds for the steering axle may register in excess of eighty thousand (80,000) pounds by payment of eight hundred and forty dollars ($840) plus an additional decal fee of ten dollars ($10) per one thousand (1,000) pounds of registered weight above eighty thousand (80,000) pounds;

(e) For purposes of this section, KRS 177.979 and 189.230, and for purposes of the extended weight coal *and natural resource* haul system, the dimensional requirements of motor vehicles shall conform to all appropriate federal laws and regulations;

(f) The payment of the decal fee shall be in addition to any state registration fee, user fee or other decal fee, including the registration fee as specified in KRS 186.050(3);

(g) Motor vehicles used in the transportation of coal *and natural resource* under cooperative agreements pursuant to KRS 177.979 shall be exempt from the payment of the decal fee as set forth in this section and the registration fee as set forth in KRS 186.050(3) as long as the truck is driven over cooperative roads only while full. The transportation cabinet shall issue identifying license plates for those motor vehicles under cooperative agreements;

(h) All fees under this section shall be scheduled for payment and prorated pursuant to the provisions of KRS 186.051; and

(5) Sixty percent (60%) of all energy recovery road funds shall be used by the department of highways for construction, maintenance, and repair of the state-maintained portion of the extended weight coal *and natural resource* haul road system.

(6) Forty percent (40%) of all energy recovery road funds shall be distributed to the fiscal court of those counties in which coal *and natural resource* is transported for the sole purpose of construction, maintenance and repair of the county-maintained portion of the extended weight coal *and natural resource* haul system. The distribution of funds to the counties shall be proportioned based on the miles of county roads on the extended weight coal *and natural resource* haul system in each county compared to the total mileage of county roads in the total extended weight coal *and natural resource* haul road system and the tons of coal *and natural resource* transported over county roads on the extended weight coal *and natural resource* haul system in each county compared to the total tons of coal *and natural resource* transported over county roads in the total extended weight coal *and natural resource* haul road system.

(7) Nothing in this section shall be construed or administered to jeopardize the receipt of federal funds for highway purposes and the secretary of transportation shall not act in any manner which shall jeopardize federal highway funds or funds to be received by the Commonwealth. In no event shall this section be construed to authorize any vehicle to operate on a federal interstate highway in excess of those limits prescribed in KRS 189.222. Likewise, nothing in this section shall be construed to prohibit the department of highways from providing for the public safety and convenience of the traveling public on the highway.

(8) As soon as practical after the report is prepared and published pursuant to KRS 177.977 for any calendar year after 1985, the secretary shall add to or delete from the extended weight coal *and natural resource* haul road system public highways or portions thereof based upon the criteria set out in this section. However, deletion of a public road or portion thereof from the extended weight coal *and natural resource* haul road system shall not affect the eligibility of such roads for highway funds or programs applicable to the extended weight coal *and natural resource* haul road system.

(9) A fiscal court or a governing body of a city of the first through fourth class or urban-county government may by resolution, make recommendation to the secretary of the transportation cabinet that certain roads or road segments in the county or corporate city limits pose inherent and definite hazards or special conditions and that the secretary shall meet with said fiscal court or local governing body and take into consideration their concerns before adding to or deleting from the extended weight coal *and natural resource* haul system.

(10) The secretary of the transportation cabinet is authorized to promulgate administrative regulations pursuant to KRS Chapter 13A as may be necessary to administer the provisions of this section. KRS 177.9772,

177.979 and 189.230.

Section 16. KRS 177.9772 is amended to read as follows:

Any motor vehicle transporting coal *and natural resource* in violation of the weight limits provided for by KRS 189.221 and 189.222 for which the extended weight users' tax has not been paid as evidenced by an affixed extended weight users' decal or which is not being operated in accordance with the provisions of a cooperative agreement shall be deemed in violation of KRS 177.9771. The secretary of the transportation cabinet may impound said vehicle until such time as the extended weight users' tax and all costs incurred in the impoundment and storage of the vehicle have been paid.

Section 17. KRS 177.978 is amended to read as follows:

(1) All revenues generated pursuant to KRS 177.990(4) and (5) and KRS 177.9771(4) and no other taxes or fees normally assessed on motor carriers shall be credited to a special account within the road fund called the "energy recovery road fund" and any additional funds obtained through state appropriation, gifts, grants and federal funds may be credited to the special account, and shall be used, in addition to those road funds normally used for said highways, exclusively by the transportation cabinet for those costs attendant to highway purposes for roads designated as part of the extended weight coal *and natural resource* haul road system. All funds in the account shall be carried forward at the end of each year.

(2) All funds credited to the "coal *and natural resource* recovery road fund" shall be transferred to the "energy recovery road fund."

Section 18. KRS 177.979 is amended to read as follows:

(1) Upon application the department of highways shall enter into cooperative agreements with any person engaged in the mining, processing, transporting or sale of coal *and natural resource* providing for the transportation of coal *and natural resource* in vehicles exceeding the maximum weight limits on the state-maintained system. Such cooperative agreements shall provide for an equitable apportionment of the incremental costs for design, maintenance, construction or reconstruction of those roads and bridges, except those roads and bridges which are part of the federal interstate highway system, resulting from the transportation of coal *and natural resource* by trucks transporting coal *and natural resource* in excess of the maximum weight limits on the state-maintained system and covered by the cooperative agreement. Nothing contained herein shall effect the continuing validity of any existing agreement.

(2) Notwithstanding KRS Chapter 143 the total tax contributions from any person entering into a cooperative agreement, as specified in this section, shall not exceed, in the aggregate, the sum of five thousand dollars ($5,000) per mile per year on those roads covered by the cooperative agreement, but shall equal a minimum of one thousand two hundred dollars ($1,200) per motor vehicle hauling coal *and natural resource* over those cooperative road segments over three (3) miles in length, but such contribution shall not exceed ten cents (10) per ton of coal *and natural resource* hauled on cooperative roads per year from an individual coal *and natural resource* operator unless otherwise agreed to by the operator. The transportation cabinet may allow any person, under the cooperative agreement, to provide for the design, approved maintenance, construction or reconstruction provided for in subsection (1) of this section in accordance with guidelines or standards prescribed by the cabinet. In the event any person exceeds his annual total tax contribution as authorized under a cooperative agreement, such person may petition the commissioner of vehicle regulation for a carry over for future years liability. All funds collected pursuant to this section shall be expended on those roads covered by the cooperative agreement.

(3) Notwithstanding any provision of KRS 177.976 to 177.981 or 186.057, the Commonwealth shall not be relieved of expending its normal routine maintenance on all roads covered by the cooperative agreements"; and

Amend printed copy of **HB 764** on page 45, after line 22, by adding the following:

"Section 19. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, 1976, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all members. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total member salaries to discharge the system's unfunded obligations with interest assumed by the state. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.230 to 161.716. In the event an annual appropriation is in excess of these requirements, such excess funds shall, in the 1982-84 biennium, be retained by the system to be applied to any unfunded remaining costs as described in subsection (5) of KRS 161.155. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the state's obligation to match the July 1, 1984 increase in the member rate of contribution during the 1984-86 biennium. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system.

(2) Beginning with July 1, 1988, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all employes of local school districts *and the Kentucky valley educational cooperative* who are members of the retirement system. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total salaries of the employes of local school districts who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts *and the Kentucky valley educational cooperative*, shall contribute annually to the retirement system a permanent amount equal to that contributed by its employes who are members of the retirement system plus an additional three and one-fourth percent (3.25%) of the total of salaries of its employes who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts *and the Kentucky valley educational cooperative*, shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.230 to 161.716. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. State contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and such contributions shall be considered deferred compensation to the members.

Section 20. KRS 161.555 is amended to read as follows:

Each school district or institution *or the Kentucky valley educational cooperative* employing members of the teachers' retirement system in positions established under educational acts adopted by the federal congress and each regional cooperative organization referred to in KRS 161.220(4)(e), *except the Kentucky valley educational cooperative*, employing members of the teachers retirement system shall contribute to the teachers' retirement system under regulations established by the board of trustees, an amount equal to that contributed by the members so employed."

The average daily attendance of any exceptional child not assigned to a specific grade shall be added to the average daily attendance of grades four (4) through twelve (12) before classroom units are allotted under this paragraph. Unless otherwise provided by the general assembly in a budget bill, the allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades kindergarten through twelve (12) except as provided in subsections (9) and (10) of this section.

(3) [~~(a) Effective until July 1, 1986, the superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board of education in kindergarten and grades one (1) through six (6) except in vocal and instrumental music, art, physical education and special education classes. The maximum number of pupils enrolled in a class shall be calculated by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through six (6).~~

~~(b) Effective July 1, 1986,~~] The superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board *for elementary and secondary* [~~of~~] education in kindergarten and grades one (1) through eight (8) except in vocal and instrumental music, art, physical education and special education classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be calculated by adding three (3) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in kindergarten and grades one (1) through six (6) and by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in grades seven (7) and eight (8). The superintendent of public instruction, upon approval of the state board *for elementary and secondary* [~~of~~] education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board *for elementary and secondary* [~~of~~] education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through eight (8).

(4) In classes with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes.

(5) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(6) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(7) Allotments of classroom units except those allotted in accordance with subsection (8) of this section, shall be increased when the average daily attendance in kindergarten and grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in kindergarten and grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(8) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (7) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(9) (a) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board *for vocational-technical, adult education and vocational rehabilitation services* [~~of education~~]; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board *for vocational-technical, adult education and vocational rehabilitation services* [~~of education~~]. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(b) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the office of vocational education in the department of education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(c) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include: a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the state department of education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the state superintendent of public instruction a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the state department of education to determine that the summer plan has been properly executed.

(10) (a) Through the 1987-88 school year, one (1) classroom unit shall be included upon the employment of each teacher approved to teach exceptional children in accordance with the provisions of law and Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor;

(b) Effective with the 1988-89 school year and each year thereafter, one (1) classroom unit for exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education shall be allotted for each six (6) children identified as emotionally disturbed, hearing impaired, trainable mentally handicapped, or severely and profoundly mentally handicapped, each sixty (60) children identified as having communication disorders of speech and language but not counted in any other area of exceptionality, and each twelve (12) additional exceptional children in all other categories referenced in KRS 157.200. Portions of units shall be allotted by tenths of units when the number of children do not total the required number for a whole unit. Calculations for units for exceptional children shall not be based on average daily attendance. A local school district may organize and administer classroom units to best meet the needs of its exceptional children pursuant to KRS 157.224(2). The superintendent of public instruction shall enforce minimum and maximum class sizes as provided in administrative regulations. No local school district shall receive classroom units for exceptional children for more than fifteen percent (15%) of their prior year's average daily attendance for the 1988-89 school year and for more than twelve percent (12%) of their prior year's average daily attendance for the 1989-90 school year and each year thereafter without state board *for elementary and secondary* [~~of~~] education approval based on unique or unusual district characteristics including but not limited to federal census population being substantially higher than the district's student enrollment;

(c) In addition to the classroom units allotted in paragraphs (a) and (b) of this subsection, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390, a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for one hundred eighty-five (185) days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit; and

(d) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above-cited program to those funds appropriated for this purpose in each biennial budget.

(11) (a) In allotting classroom units for home and hospital instruction, one (1) unit excluding the capital outlay allotment, shall be allotted for each ten (10) children in average daily attendance in the current school year who have been properly identified according to state board *for elementary and secondary* [~~of~~] education regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education; and

(b) Pursuant to regulations of the department of education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by regulation to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, a reasonable allotment for travel expenses to and from instructional assignments, but such formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education.

(12) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (9), and (10) of this section shall be divided by nine (9) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(13) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (9) and (10) of this section; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(14) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred sixty-five and nine-tenths (165.9) classroom units under subsection (2) of this section and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) of this section. For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(15) In allotting classroom units for superintendent, one (1) unit shall be allotted each school district.

(16) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

(17) Effective with the 1988-89 school year and each year thereafter, in allotting classroom units for related services for exceptional children, one (1) classroom unit shall be allotted for each five hundred (500) exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education. Classroom units for related services for exceptional children shall be used for approved certified or licensed personnel to provide the support services required to assist exceptional children to benefit from special education. Units may be used for special education directors or supervisors certified in special education and personnel to conduct the related services defined in KRS 157.200(4). Units shall be allotted proportionately and districts may provide related services through joint agreements. Nothing in this subsection shall prohibit a district from using units generated in subsections (12) and (13) of this section for related services for exceptional children.

The maximum number of pupils enrolled in a class shall be calculated by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through six (6).~~

~~(b) Effective July 1, 1986,~~] The superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board *for elementary and secondary* [~~of~~] education in kindergarten and grades one (1) through eight (8) except in vocal and instrumental music, art, physical education and special education classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be calculated by adding three (3) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in kindergarten and grades one (1) through six (6) and by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in grades seven (7) and eight (8). The superintendent of public instruction, upon approval of the state board *for elementary and secondary* [~~of~~] education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board *for elementary and secondary* [~~of~~] education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through eight (8).

(4) In classes with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes.

(5) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(6) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(7) Allotments of classroom units except those allotted in accordance with subsection (8) of this section, shall be increased when the average daily attendance in kindergarten and grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in kindergarten and grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(8) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (7) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(9) (a) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board *for vocational-technical, adult education and vocational rehabilitation services* [~~of education~~]; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board *for vocational-technical, adult education and vocational rehabilitation services* [~~of education~~]. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(b) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the office of vocational education in the department of education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(c) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include: a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the state department of education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the state superintendent of public instruction a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the state department of education to determine that the summer plan has been properly executed.

(10) (a) Through the 1987-88 school year, one (1) classroom unit shall be included upon the employment of each teacher approved to teach exceptional children in accordance with the provisions of law and Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor;

(b) Effective with the 1988-89 school year and each year thereafter, one (1) classroom unit for exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board *for elementary and secondary* [~~of~~] education shall be allotted for each six (6) children identified as emotionally disturbed, hearing impaired, trainable mentally handicapped, or severely and profoundly mentally handicapped, each sixty (60) children identified as having communication disorders of speech and language but not counted in any other area of exceptionality, and each twelve (12) additional exceptional children in all other categories referenced in KRS 157.200. Portions of units shall be allotted by tenths of units when the number of children do not total the required number for a whole unit. Calculations for units for exceptional children shall not be based on average daily attendance. A local school district may organize and administer classroom units to best meet the needs of its exceptional children pursuant to KRS 157.224(2). The superintendent of public instruction shall enforce minimum and maximum class sizes as provided in administrative regulations. No local school district shall receive classroom units for exceptional children for more than fifteen percent (15%) of their prior year's average daily attendance for the 1988-89 school year and for more than twelve percent (12%) of their prior year's average daily attendance for the 1989-90 school year and each year thereafter without state board *for elementary and secondary* [~~of~~] education approval based on unique or unusual district characteristics including but not limited to federal census population being substantially higher than the district's student enrollment;

(c) In addition to the classroom units allotted in paragraphs (a) and (b) of this subsection, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390, a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for one hundred eighty-five (185) days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit; and

(d) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above-cited program to those funds appropriated for this purpose in each biennial budget.

(11) (a) In allotting classroom units for home and hospital instruction, one (1) unit excluding the capital outlay allotment, shall be allotted for each ten (10) children in average daily attendance in the current school year who have been properly identified according to state board *for elementary and secondary* [~~of~~] education regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education; and

Message from the Governor

Announcing veto of **HB 564**.

The Veto message on **HB 564** is as follows:

Pursuant to the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I, Wallace G. Wilkinson, Governor of the Commonwealth of Kentucky, hereby veto House Bill 564. The House Amendment would effectively preclude numerous insurance carriers currently authorized to do business in Kentucky from selling liability, property, and workers' compensation insurance coverage to county governments. The state's local finance officer is not in a position to make a judgment as to whether or not an insurer has sufficient capital and reserves to pay all potential claims against it. The reduction in competition resulting from this bill would inevitably lead to higher costs to county governments for such coverage.
